35 PERISH IN FOREST FIRE

**EIGHT TOWNS ARE IN RUINS; 4,000 PEOPLE
ARE HOMELESS IN GREAT FOREST BLAZE IN
TEMICKAMING SEC. OF ONTARIO, CANADA**

Fifteen Bodies Are Recovered At Village Of
Haileyburg, Seventeen Are Found At Heaslip
And Three At Chareleston—Refugees Tell
Horrible Stories.

ESTIMATED PROPERTY LOSS \$10,000,000

TORONTO, Ontario, Canada, October 6.—Thirty-five are
dead, over four thousand homeless and eight towns are in ruins,
with a property loss, exclusive of timber, of over ten millions
of dollars, by a forest fire which swept over this part of the
province in the section of Temickaming.

Fifteen bodies have been recovered at Haileyburg, seven-
teen at Heaslip and three at Chareleston. Mr. and Mrs. Robert
Bond and their eight children, together with Mrs. Bond's
brother, were found suffocated in a medicinal root storage
house where they had taken refuge from the flames and smoke
which surrounded their clearing.

The fire raged over a large extent of ground, burning and
withering everything in its path, cutting a wide swath over
hills and valleys, completely consuming everything in its way.
Refugees were today pouring into North Bend with terrible
stories of the disaster, which exceeds in horror anything since
the Mathison conflagration of 1915. Wagons, automobiles and
conveyances of all description are racing to the devastated
section today to give aid to the sufferers. A rain last night
stopped the wild progress of the flames but the fire is still
burning in spite of the efforts of volunteer firemen. The rain
undoubtedly saved the whole wooded province.

Successful Young Brick Man Takes Accomplished Local Girl As His Bride

The wedding of Miss Ethel Ruth
Boyce, one of Clearfield's most highly
accomplished and most popular young
women, and Mr. S. Keith Davis, of
Santa Ana, California, in Trinity
Methodist Episcopal church Thursday
evening, October fifth, 1922, was an
event of special interest in Clearfield.
The impressive ring ceremony was
employed by the Rev. Dr. Horace Lin-
coln Jacobs in the presence of an as-
semblage of relatives and friends of
the high contracting parties which
comfortably filled the spacious audi-
torium. Miss Maude Coplin, of Cleve-
land, O., was bridesmaid, Miss Alta
Boyce, maid of honor, while the
groom was attended by Mr. J. O. Heit-
zinger, vice president of the U. S.
Refractories Corporation, as best man.
The ring bearer was Master Roy Shen-
ton Boyce, aged 2 years. He wore a
cute little black plush velvet suit and
white satin slippers and bore the ring
on a white tulle pillow. Miss Anna
Boyce, 7 years old, was flower girl.
She wore a beautiful yellow georgette
dress, trimmed with baby ribbon and
carried, lace-trimmed leghorn hat
and yellow shimmer filled with rose
petals.

The ushers were Mr. Roy Boyce,
brother of the bride; Mr. Randolph
Brubaker, of Clearfield; Dr. Joseph
Dewey Grey, of Augusta, Georgia; Mr.
Victor L. Wallet, of Mount Union, Pa.;
Mr. Park Hitchens, of Pittsburg, Pa.,
and Mr. Edward L. Bell, of Pittsburg,
Pa.

The wedding ceremony was sched-
uled for 6 o'clock, and a half hour
previous to that time the "Ave Maria"
organ and piano duet, was rendered
by Mrs. Mac Gallaher at the pipe or-
gan and Miss Dorothy Woodward at
the piano. Mrs. Gallaher followed with
the "Venetian Love Song" on the or-
gan. This was followed by Miss Wood-
ward playing on the piano "The Wed-
ding Day," by Grieg. A violin solo by
William Hoover entitled "The Bells"

GEORGE MUMPER DIES

George Mumper died at his home
in Ladose on Sunday, October 1st,
1922. He was born at New German-
town, Perry county, Pa., but had re-
sided in Clearfield county for a num-
ber of years. His wife died six years
ago, the only surviving relative be-
ing his niece, Mrs. Anne Evans, of
Clearfield, who was present at his
funeral which occurred on Tuesday
last, Rev. R. H. Snyder officiating.
Interment in Ladose cemetery.

HUMOR'S SOBER SIDE!

Being an Interview With Tom Sims, Third of a Series
On "How Humorists Get That Way"

By Josephine Van de Grift

Every once in a while an idea will
start joggling along, headed for no
place in particular, and after awhile
if it gets out of careless like, it'll
have a collision with another idea.
The result is what is sometimes
known as a wise crack according to
Tom Sims whose column, "Tom Sims
Says" has regaled readers of several
hundred newspapers for the past
year.

"By sheer accident," he says, "I
may learn that skirts are longer.
Then I see in the paper that cord is
getting shorter. How strange, Wat-
son, give me the typewriter. And
hitting on all two fingers I hammer
out, "This winter's schedule calls for
longer skirt and shorter coat. The
women have more sense than we
thought."

"One pay day while cussing be-
cause I had to work late I hit on,
"All work and no play makes jack."
This proved to be one of my most
quoted lines.

"Another time I profited from a
jalling on by an extra groochy traf-
fic cop. It was, "A grooch is a man
who think the world is against him
—and he's right."

MINERS DECIDE TO STAND ON PRESENT WAGE SCALE RATE

Cleveland, Oct. 5.—The Policy Com-
mittee of the United Mine Workers,
has reaffirmed the demands of the
February, 1922, convention of the union
in Indianapolis, demanding the
continuation of the present wages in
coal mines until 1925 and in addition
the six hour day and the five day
week. Time and one half for overtime
and double time on Sundays and holi-
days.

Those demands will be presented to
the next scale conference of miners
and operators prior to the expiration
March 31 next of the Cleveland agree-
ment signed here last August, which
virtually settled the soft-coal strike
and which now is in force.

The decision by the policy com-
mittee to stand on the old demands
makes it unnecessary for the miners'
union to hold a convention between
now and next April, John L. Lewis,
president, announced.

The joint conference, representing
all important union bituminous coal
producing districts in the nation
agreed late yesterday upon a method
of selecting delegates to a conference
to meet in Chicago November 4 to
formulate a method of procedure to be
followed by the bituminous coal in-
dustry in negotiating a wage scale
agreement to become effective April
1, 1923.

The representation on the com-
mittee selected consists of the two oper-
ators and two miners from each of fif-
teen mine union districts throughout
the country. The operators also se-
lected representatives.

WOMEN LEADERS OF WORLD WILL MEET IN U. S. IN 1925

Washington, D. C., Oct. 6. (U. P.)
—A world council of women will
meet in the United States in 1925.
Women leaders from practically every
civilized land will visit America
at that time, guests of the National
Council of Women of which the Gen-
eral Federation of Women's Club is a
part.

Plans for the Quinquennial of the
International Council of Women
which is the first meeting of this
body ever scheduled for America
were launched immediately upon the
receipt recently of a cablegram to
Mrs. Moore announcing the decision
of the Executive Committee of the
International Council of Women at
the Hague, to accept the invitation of
the United States Council to hold its
1925 meeting in Washington, D. C.

In order to ensure the presence of
women from every one of its foreign
organizations at the Norwegian
Quinquennial in 1920, an appropria-
tion of 40,000 kroner from the Stor-
thing was secured to help defray the
expenses of the delegates from Ice-
land, Ukraine, Greece, Serbia and
Austria.

In keeping with this precedent the
United States Council of Women will
proceed to take the necessary steps
to appeal to Congress to either fur-
nish transportation or to charter a
special steamship liner to place at
the disposal of the foreign delegation.

The International Council is com-

WHAT'S THE MATTER WITH CLEARFIELD?

President of Denver City
Council and Rev. W. L.
Armstrong Give Their
Impressions.

QUERY ANSWERED

The Rotarians who attended last
night's regular meeting of the Clear-
field Rotary Club were privileged to
get a slant at their "old home town"
as "others see us." Following the
regular Rotary program, which al-
ways includes a good feed, President
Albert Bigler introduced as the first
speaker of the evening Thomas F.
Azzell, president of the City Council
of Denver, Colorado, one of the lead-
ing business men and progressive
citizens of the Colorado capital. Mr.
Azzell, who takes a most active in-
terest in civic affairs in his home city,
has given our little town the critical
"once over" while visiting his daugh-
ter, Mrs. Walter Flegal, and gave the
assembled Rotarians a lot of food for
thought along the line of the press-
ing needs of our town.

Rev. W. L. Armstrong, of the West
Side Methodist church, the regular-
ly scheduled speaker of the evening,
had been assigned the subject "Im-
pressions of Clearfield, From a New-
comer." The reverend gentleman
sailed right into his subject, which he
handled without gloves, especially for
the first half of his talk, in which

he gave his first impressions of the
old town. The first impression he
got was that Clearfield and Clearfield
people were entirely too indifferent
toward the newcomer and the "stran-
ger within our gates" had to be pos-
sessed of a hatchet and a hacksaw to
chop and hack his way into social
communion with the average Clear-
fielder. Unfortunately for us there
is more truth than poetry in Rever-
end Armstrong's hide-peeling diag-
nosis and the Rotarians took their
share to heart, with mental resolve
to remedy the defect.

The second section of Rev. Arm-
strong's talk came along filled to
running over with the good he has
found in Clearfield and Clearfield peo-
ple, paying splendid tribute to our
physicians and the wonderful Clear-
field hospital, the splendid churches
community service and our peerless
American Legion Band. He said the
only section of town that did not suit
him now was the West Side and he
expected to have the principal defect
over that way remedied before long
by the erection of a Methodist church
commensurate with the needs of that
community and an edifice that would
be in keeping with the general char-
acter of the church buildings in
Clearfield, the Rotarians greeting
this forward-looking statement with
a salvo of applause.

The program for next week's meet-
ing of Rotary will be announced lat-
er.

Precaution Needed To Prevent Spreading Of Contagious Diseases

As is always the case during the
first month of the school term con-
siderable diphtheria and scarlet fever
is developing among the school chil-
dren of Clearfield and while there is
no occasion to be especially alarmed,
even the outbreak of one case of
either of these scourges of childhood
should serve to cause every mother
to resolve to take double precaution
with her little ones.

During the past week several cases
of diphtheria has developed in the
different sections of the town and in
every case the infection was followed
by one or more children being taken
down who had been playing with the
little one first to come down with the
disease. This will explain the reason
for the double precaution necessary
by the parents.

Many mothers—too many mothers
—do not pay enough attention to the
first signs of illness in the child. That
is largely the cause for the spread
of infectious diseases following the
assembling of children at the begin-
ning of the school term, the seeds of
the disease having been planted or
existent before the child came under
the watchful regulations of the
school board, which keeps careful
tab on every little one indisposed.

When your child complains even
the slightest regarding his throat,
separate him from the rest of the
children and keep him away from
them until the doctor's or your own
make its father quit singing."

WARD COMPANY LEFT DEBTS AMOUNTING TO LARGE FIGURE

The developments in the alleged fi-
nancial smash-up of the John M.
Ward Company, the sub-contractor of
the grading on the Curwensville-
Grampan State road, as they unfold
from day to day, continue to make
it appear that Ward made a deliber-
ate "killing" of the job. He is alleged
to have sought and received credit
right and left and paid nothing. A lot
of small business men at Grampan
were struck for amounts ranging from
\$100 up to \$500 for supplies of dif-
ferent kinds for the commissary run
by Ward. Several Clearfield mer-
chants were also stung to the amount
of several hundred dollars each, while
a number of Curwensville business
men were also caught in the slick op-
eration.

It is reported here that a man who
knew Ward met him in Erie the day
after he made his get-away from
Grampan and he is supposed to have
told this acquaintance that he re-
ceived \$51,000 for the work he did for
the road contractors at Grampan, and
if this is so, Ward had his pockets
lined with "dough" when he blew out.
The Erie man said Ward was in a
highly nervous state when he was
talking with him.

Mr. Pugh, of the Pottsville Con-
struction Company, came to Clear-
field yesterday and went up to Gram-
pan with District Engineer Stockpole
of the State Highway Department to
check up on Ward's operations so far

UNVEILING OF D. A. R. MARKER ON SITE OF FIRST POSTOFFICE

Will Be Event Sunday
Afternoon At 2:30 At
Mitchell Stone House
Farm On Ridge Road.

HISTORIC VALUE

Susquehanna Chapter, Daughters
of the American Revolution, will un-
veil a tablet on the Mitchell Stone
house farm, Lawrence township, on
Sunday, October 8th, at 2:30 p. m.
This tablet marks the site of the first
postoffice in Clearfield county. Alex-
ander Read was the postmaster, and
was commissioned in 1813.

The tablet is of bronze, and was
made by the well-known firm of
Matthews & Co., Pittsburg, Pa. It is
set in a block of native sandstone,
located by Charles T. Eastburn, pro-
prietor of the Roaring Run Stone
Quarries, Curwensville. The work of
transportation and erection was suc-
cessfully accomplished by Mitchell &
Miller, Clearfield.

The committee in charge is very
anxious to have representatives of
the various branches of the Alexan-
der Read family present on this oc-
casion. The children of Alexander
Read were as follows: Alexander,
Thomas, John, James, Amos, Rachel
and Sarah. It is hoped that their
descendants will join in honoring
their worthy ancestor. The public is
also cordially invited to attend.

"PEP" MEETING AT HIGH SCHOOL THIS EVENING ARRANGED

A "Pep Meeting" designed to put
some real "pep" into the team at
opening of the football season will be
held at the Clearfield High School
Auditorium this evening at 7:30 o'-
clock.

This is an annual and worth while
gathering designed to enlist the sup-
port of pupils and patrons of the
school and the townspeople generally
for the football team and to demon-
strate to the members thereof that
they have been selected for the pur-
pose of upholding and maintaining
the honor and glory of old C. H. S.
upon the gridiron in the many battles
arranged for by the season's sched-
ule.

Real "pep" speakers will hold forth
during the evening and the solemn
ceremony of presenting the blankets
to the team will also be carried out,
each member of the team being given
the admonition of the Saracen mother
when she presented his shield to her
son at his start for the wars, "Return
bearing it in triumph or come back
wrapped in its folds."

Every patron of the schools and
supporters of the team is invited to
attend this meeting, which is free to
all. Come.

“Iron Man Scott”
To Much for Ruth
And His Cohorts

Manager Miller Huggins trotted out Hoyt today to stop the onslaught of the Giants' batsmen but Hoyt was unequal to the task and McGraw's sluggers nipped him for twelve bingles.

Iron Man Scott for the Giants had the Yankees at his mercy at every stage of the game just as Shawkey had the Giants biting in yesterday's game after that fatal first inning. The Yankees had only four scattered hits off him.

The Giants got into action in the third inning putting two runs across the plate in a hit and run game. The final run came in a similar manner.

Time and again Hoyt got himself in a hole and was pulled out by good fielding. Aside from Witt's bonehead sleep on first base when he was caught cold, the game was marked by good playing. The pitchers, however, were unevenly matched. A different story perhaps tomorrow as fans believe that Shawkey, if given another chance can hold the Giants in tow.

First Inning
For the Yankees. Witt up. Strike one, Ball one, ball two, out Scott to Kelly. Dugan up, Strike one called, ball one, ball two, Dugan flied to Young. Ruth up, Ball one, strike one called, strike two swung, ball two, out Frisch to Kelly. No runs, no hits, no errors. Scott was using nothing but a fast ball. He got Ruth to swing fastly on two on the inside and then forced him to jump one down to the infield.

For the Giants. Bancroft up. Strike one called. Out Hoyt, unassisted. Groh up, Singled to right field after having a strike called. Frisch up. Ball one, strike one called, singled thru the box to center field. Witt holding Groh at second. Muesel batting. Strike one called, foul, strike two, ball one, ball two, lined into a double play. Ward to Pipp. No runs, two hits, no errors. Ward leaped high in the air and pulled down Muesel's drive for a beautiful play. Hoyt apparently was off form. Using nothing but a straight fast ball.

Second Inning
For the Yankees. Tupp up. Singles to right field. Muesel up. Strike one swung, strike two called, ball one, ball two, fouled out to Kelly. Schlang up, foul, strike one, strike two swung, flies to Cunningham. Ward up. Strike one, swung, ball one, ball two, strike two swung. (Pipp steals second) foul, ball three. Out, Bancroft to Kelly. No runs, one hit, no errors. Scott continues to rely on a fast ball. Started with low ones but switched to high ones in second. Plenty of steam.

For the Giants. Young up, strike one called, ball one, dropped a single into left field but was out at second, trying to stretch it into a double. Kelly up. Strike one, called strike two, ball one, ball two, out, Scott to Pipp. Cunningham up. Ball one, strike one called, singled over first base. Smith up, foul strike one, forces Cunningham at second, Ward to Scott. No runs two hits, no errors. Hoyt started to use a curve ball rather defensively but was saved by good fielding. The sun dropped behind the grandstand and it is now as dark as it was yesterday afternoon when the game was called.

Third Inning
For the Yankees. Scott up. Strike one called, flies to Young. Hoyt up, ball one, strike one called, ball two, out Frisch to Kelly. Witt up. Ball one, ball two, strike one called, ball, strike two called, he walks. Dugan up. Ball one, strike one called, (Witt nipped off first base, Smith to Kelly). No runs, no hits, no errors. Witt was found asleep about two-feet off the base. Smith got the ball down so fast that Witt was tabbed before he could move—"half-Witt".

For the Giants. Scott up, strike one called, singled past his namesake on opposing team. Bancroft up. Bancroft safe at first and Scott goes to third when Ward muffed a roller (sort of Warded it off). Groh hit to Hoyt and Scott was run down between third and home, Hoyt to Schlang to Dugan. Bancroft went to third and Groh to second. Frisch up. Ball one, flies to half-Witt, Bancroft

scoring and Groh taking third after the catch. Muesel, foul strike one, ball one, strike two called, foul, singles to right field scoring Groh. Young up, forces Muesel at second, Ward to Scott. Two runs, two hits one error. The Yankees went to pieces after Witt's boner on first. Even Hoyt was unnerved.

Fourth Inning
For the Yankees. Dugan up and out on pop fly. Ruth hit by a pitched ball. Pipp up, strike one called, ball one, strike two swung, he fans. Muesel now batting. Strike one swung, foul strike two, foul, ball one, ball two, safe when Frisch dropped his sharp roller, Ruth tries to go to third and gets out, Bancroft to Groh. No runs, no hits, one error. Ruth charged into Groh at third and knocked him rolling. Groh jumped up and started for Babe. The umpire stopped the impending battle.

For the Giants. Kelly up. Strike one called, strike two called, foul, again, ditto, safe on first on a single to Ward. Cunningham up. Ball one, (Kelly out stealing second, Schlang to Scott), strike one, out Dugan to Pipp. Smith up. Hits down left base line for a single. Scott up. Strike one, foul strike two, out on strikes. No runs, two hits, no errors. The haze has lifted from the field.

Fifth Inning
For the Yankees. Schlang up. Foul strike one, again, ball one, ball two, foul, out Kelly to Scott. Ward up. Foul strike one, ball one, flied to Cunningham. Scott batting. Strike one called, fouls out to Groh. No runs, no hits, no errors. J. Scott continues to serve fast balls, mixing them high and low. He had the Yanks swinging hard and late at them.

For the Giants. Bancroft, ball one, foul strike one, strike two called, he fans. Groh out, Dugan to Pipp. Frisch up, Ball one, strike one called, strike one called, strike two called, ball two, ball three, he walks. Muesel up. Foul strike one, ball one, (Frisch out stealing, Schlang to Scott). No runs, no hits, no errors. The Giants tried a bunting attack and failed. Both Frisch and Groh tried it.

Sixth Inning
For the Yankees. Hoyt singles to right centre. Witt, strike one called, forces Hoyt at second. Bancroft to Frisch. Dugan up. Strike one called, foul strike two, flies to Muesel. Ruth up. Strike one swung. Ball one, grounds to Kelly. No runs, one hit, no errors. Scott still working effectively. He has held the Yanks to two singles in six innings.

For the Giants. Muesel up, ball one, flies to his brother. Young up. Strike one called, singles to left field. Kelly up. Strike one called, ball one, ball two, fouls out to Pipp. Cunningham up. Out Ward to Pipp. No runs, one hit, no errors. Hoyt started with his curves and got the side easy. Rob Muesel robbed his brother "Irish" of what seemed a hit by a great catch.

Seventh Inning
For the Yankees. Pipp out Frisch to Kelly. Muesel up. Ball one, ball two, strike one swung, foul strike two, beats out an infield hit. Schlang up. Doubles to right field, Muesel stopping at third. Elmer Smith batting for Ward. Strike one called, ball one, ball two, ball three, strike two, one, ball two, ball three, strike two, he fans. Scott up. Foul strike one, ball one, out Bancroft to Kelly. No runs, two hits, no errors. J. Scott worked courageously out of a bad hole. The Giants have three pitchers warming up. McNally now playing second base for the Yankees.

For the Giants. Smith up. Strike one called, out Ward to Pipp. Scott up. Out Dugan to Pipp. Bancroft batting. Strike one swung. Ball one, strike two called, ball two, foul, ball strike two called, Groh at bat. Singles to right field, Bancroft going to third. Frisch up. Singles to right field, scoring Bancroft. Groh stopping at third. Muesel up. Out McNally to Pipp. One run, two hits, no errors. The Giants got their hit and run game going and threatened to bump Hoyt out of the box.

Eighth Inning
For the Yankees. Baker batting for Hoyt. Ball one, out Kelly unassisted. Witt up, ball one, strike one called, foul strike two, flied to Cunningham. Dugan up. Out Groh to Kelly. No runs, no hits, no errors.

For the Giants. Jones now pitching for the Yankees. Young up. Ball one, strike one called, ball two, ball three, strike two called, singles past McNally. Kelly up. Ball one, foul strike one, sacrifices Jones to Pipp. Cunningham up. Strike one swung, strike two called, ball one, ball two, ball three, he walks. Smith up. Ball one, flied out to McNally. Scott batting. Foul strike one, strike two called, ball one, flied out to Dugan. No runs, one hit, no errors.

\$1,441,486 A YEAR'S
DISASTER RELIEF COST

Red Cross Aided 145,000 Victims in United States—Losses Total \$30,000,000.

Seventy-two disasters, with hundreds reported killed and injured, and more than 1,500,000 other homeless or requiring assistance, called for emergency relief measures and the expenditure of \$1,441,486.33 by the American Red Cross during the fiscal year ending June 30, 1922, according to a statement based on the forthcoming annual report of the Red Cross. The greatest toll of life was taken by hurricane and tornado, while the overflowing of rivers, the breaking of dams and torrential rains drove the greatest number of people from their homes. The property loss was estimated at more than \$30,000,000.

The year's disasters reported included twenty-six floods, nineteen tornadoes, fifteen fires, four epidemics, two theatre collapses, two shipwrecks (one an airship), and a bridge collapse, mine explosion, railway collision, and a drought. Of the floods in the United States that at San Antonio, Texas, caused the greatest property loss, \$6,000,000 and the high mark of fatalities, 101, while the flood in the vicinity of Vicksburg and Natchez, Miss., forced 31,000 persons from their homes.

A National Calamity
In the Red Cross disaster relief records there will probably remain for many years one calamity which touched nearly every state with a sense of horror and of loss. This was the distressing collapse of the roof of the Knickerbocker Theatre in Washington, D. C., resulting in ninety-six deaths and 125 persons injured. Situated in the center of the beautiful Northwest residential section, this motion picture theatre was patronized by many persons of prominence both in the official and civil life of the National Capital, whose family and personal connections radiated out over the entire country. The horror was intensified by a terrible snowstorm which, though it retarded, did not block Red Cross relief.

Airship Crash Finds Aid at Hand
The crash and destruction of the U. S. Army's large airship Roma in Virginia last February with the loss of 31 officers and men and 11 injured was the first disaster of its kind to call for Red Cross relief in this country. The suddenness of the accident tested the preparedness of the organization and of the Chapter at Hampton, Va., but the response was immediate and relief furnished the survivors, also funds for the expenses of relatives of the dead, who came from long distances to claim their own.

In the year's overseas record for aid rendered by the Red Cross are two fires in the Philippines, one in Manila which destroyed 1,000 homes, with a loss of \$1,500,000 and 5,000 persons made homeless, the other at Tondo, which drove 3,000 from their dwellings. In medical relief that was quick and effective the smallpox epidemic in San Domingo, which had a total of 22,000 cases with 225 deaths in a single day, tested the readiness of the Red Cross for action, and the same can be said of the San Domingo hurricane, which killed 12 persons and reduced the homes of 152 persons to wreckage. A flood in San Salvador, with a death toll of 50 and 2,000 refugees, was also effectively handled by the local Chapter of the American Red Cross.

Relief Machinery Perfected
The year has seen the further perfection of disaster relief administrative measures in every field of American Red Cross activity, and that the work may be carried on to still greater accomplishments the American Red Cross is appealing for widespread renewal of membership during the annual Roll Call, to be conducted this year from Armistice Day (November 11) to, and including, Thanksgiving Day (November 30).

Red Cross Roll Call
Heard World Around

The Annual Roll Call of the American Red Cross for registration of the membership for 1923 will begin on Armistice Day, November 11, and close on Thanksgiving Day, November 30. The ground work for this stupendous task of re-enrolling the membership throughout the world has been laid in a plan for the first complete and comprehensive system of registration of the Red Cross membership in all its 3,300 active chapters at home and abroad.

An important feature of the round the world Roll Call campaign will be a universal effort to re-enlist the service of wartime Red Cross workers in the peace program by their participation in the Roll Call. In this way the vast army of volunteers will once more affiliate with the work of the Red Cross at its manifold phases. Cooperation also has been assured by government and private maritime interests in a deep-sea Roll Call that is destined to reach every member or potential member in every part of the world who may be en voyage or temporarily in any port.

Thousands of chapters will adopt the home compass plan of enrollment which originated in Pittsburgh, where last year it resulted in a membership increase of 50 per cent. All records in this year's campaign will be kept on standard size cards to be filed in each chapter for future use.

DISABLED SOLDIERS
AND CHARITIES GET
YESTERDAY'S GATE

New York, Oct. 6.—Following an exciting scene at the Polo Grounds yesterday afternoon in which former Judge Kenesaw Mountain Landis, high commissioner of organized baseball, was nearly mobbed by 5,000 fans because the umpire-in-chief had stopped play between the Giants and Yankees, the Judge announced, with his approval, decided to devote the proceeds of the game to the benefit of disabled soldiers and charities of New York city. The total receipts amounted to \$120,554, a record for a world series game.

Judge Landis explained that the players, would not figure in the receipts, but that the remainder of their share would come from the receipts of the next three games. The records made in the game, however, will be included in the records of the series.

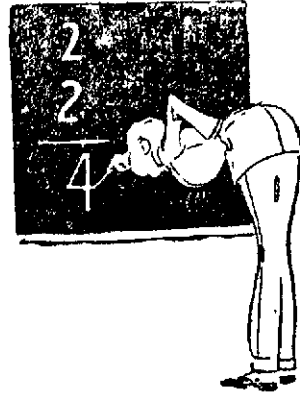

Jeered, heckled and booed by spectators angered because they were cheated out of witnessing the conclusion of the contest, Judge Landis suffered treatment that was close to ignominy.

"Never in Danger," Says Landis.
The disgraceful scene which imperiled the life of the former Federal judge came at the close of the tenth inning, with the score tied at 3 to 3. It was enacted for nearly 10 minutes, before a few scattered special policemen could clear a path through the crowd and rush the high commissioner to a safer spot.

He said he never for a moment considered himself in danger from rough usage by the fans. "I know baseball fans," he declared. "I feared no physical harm. In fact, I asked the police not to try to pick a path for me across the field. I was perfectly able to make my own way without assistance."

The shocking events transpired as a direct result of the calling off of the game at a time when the fans thought play could be continued. From the stand it appeared as if the clubs might play one more inning to break the tie, although the infield was fast being enveloped in a shadow that was heavier to the players than to those who sat in the stands as the athletes were forced to look into the black background of the stands.

Umpire's Ruling.
Umpire Hildebrand, one of the American League officials, gave the ruling which may have a far-reaching effect on the future of baseball. Hildebrand had had a little conference with one of his assistants and some of the players. But the fans, evidently, had no idea that the game

Weather Man Promises Rain Within The Next Forty-Eight Hours

Washington, D. C., Oct. 6.—Relief from the drought that has been depriving the entire eastern part of the United States from rain for as high as thirty days in many localities is promised by the Weather Bureau within the next thirty-six to forty-eight hours. The advent of the rainfall, when it comes, will break a dry spell of almost record duration. Lack of moisture in the ground has resulted in the drying up of springs never known to fail before and in addition to killing vegetation has delayed the planting of crops.

FRANCE AND GREAT BRITAIN JANGLE AT MUDANIA MEETING

London, Oct. 6.—France and Britain are at loggerheads over the developments of the Mudania conference during the Allied preliminary Near East peace. The British resent the French siding in with Turkey. Lord Curzon has gone to France to confer directly with Premier Poincare in regard to the attitude of M. Bouillon of the French government who sat for France.

role," from "The Tales of Hoffman," by Offenbach. Mrs. Gallaher then sang D'Hardelot's "Because," after which she took her place again at the organ and as the beautiful strains of Lohengrin's wedding march pealed forth the bridal party entered the church, led by Miss Alta Boyce, sister of the bride, as maid of honor. She was followed by Roy Shenton Boyce, bearing the ring, who immediately preceded Miss Anna Boyce, carrying a basket of rose petals which she scattered before the bride, who entered on the arm of her father, who gave her in marriage. They were closely followed by the groom and groomsmen.

As the bridal party began their march to the altar, twelve girl friends, Mrs. Cortez Bell, Miss Helen Walker, Miss Marian Wright, Miss Evelyn Smith, Miss Edna Froyd, Mrs. Elmer Kurtz, Miss Elizabeth Zerfoss, Mrs. Walter Flegel, Mrs. Abe Shapiro and Mrs. Wayne Fleck entered the church, six on either side. They wore dresses in color scheme yellow lavender and white, with white tulle hats to match, each carrying walking sticks of yellow, and wearing corsages of lavender flowers tied with lavender tulle. Joining the bridal party at the foot of the altar, forming a very pretty scene. Reaching the altar, the bride and groom ascended the steps and kneeling on the satin pillow at the feet of the minister, while Rev. Jacobs impressively performed the marriage ceremony.

The bride wore a most becoming gown of white satin trimmed in applique lace, veil caught with Spanish comb made of lace. She carried a shower of lilies of the valley and Killarney roses. The bridesmaids wore lavender georgette and carried yellow chrysanthemums, while the maid of honor was attired in a white beaded dress with bird of paradise plume in her hair and carried yellow chrysanthemums.

The bride is the daughter of Mr. and Mrs. William Mullen Boyce, former Treasurer of Clearfield county and one of Clearfield's best known merchants and business men. She is a graduate of Clearfield High School and later took a course at Columbia University. She is much interested in community work and is president of the Junior Woman's Club. She has been a member of Trinity Methodist church choir for several years, possessing a voice of much power and sweetness and has long been a leader in local amateur musical circles.

The groom is the son of S. M. Davis of Santa Ana, California, and a grandson of McLain Davis of Clearfield, Pa. He is a graduate of Brown University and a member of the Delta Chi fraternity. He is connected with the Clearfield district and has made a host of warm friends since coming to Clearfield, whose heartiest best wishes follow the happy young couple on their journey through life together.

Following the ceremony and congratulations the wedding party, to the number of more than three hundred sat down to a sumptuous wedding dinner prepared by the Ladies Aid of Trinity church, and served by Miss Maude Powell's class, to which ample justice was done. At the conclusion of the repast the bridal party repaired to the home of the bride's parents for their luggage and departed by automobile for Tyrone where the happy couple boarded a main line Pennsylvania train for an extended honeymoon tour through the east. They will be at home in Clearfield after October 20th.

The Pottsville people, who sublet the grading to the Ward Company are the greatest sufferers by Ward's alleged crookedness, which seems to have been in his mind and his plan from the start. He took the contract knowing the situation required that the "cream of the job" or the easiest end of the grading would naturally have to be done first and thereon decided apparently to make his "killing" by doing the easiest half of the price agreed upon for the entire stretch, including the very difficult section from Stronoch, where Ward quit, down through the woods and rough country to Bridgeport.

The creditors of Ward have not entirely agreed upon a plan of action but a criminal prosecution against Ward in the Clearfield County Court will undoubtedly result.

The objects of the International Council are:

An international propaganda to make permanent peace possible by removing misunderstandings and political obstacles, thus removing cause for future wars.

To make women's vote count for the prevention of world catastrophe.

To raise the political status of women.

To better the condition of children and women everywhere.

To substitute sympathy and justice and faith between nations for tanks and poison gas and international suspicion.

It is believed that the meeting will bring together for the first time practically all of the great women leaders of the world.

ODDS AND ENDS AND THINGS

By J. D. C.

The people of Central Pennsylvania, acquainted with the lay of the land, will all favor the proposed northern central short route across the Penfield mountain connecting the county seats of Clearfield, Elk and Cameron counties, which a temporary organization of business men of the three counties, formed at St. Mary's yesterday, hoped to have placed on the primary road plan of the State Highway Department. This route, which starts at Clearfield and crosses the mountain to Penfield and thence to St. Mary's, Ridgway and on thru Emporium to Buffalo, N. Y., would make a short direct route from Central Pennsylvania thru the north. To illustrate. The present traveled route from Clearfield to Ridgway is about 64 miles, while under this proposed road it would be but 37 miles, and almost exactly the same distance to St. Mary's. From St. Mary's to Emporium is but 32 miles more, while it is 52 miles from Emporium to Oilcan, N. Y., and 69 miles to Buffalo from there.

The proposed road would also open a direct route for our northern neighbors to the Lakes to the Susquehanna way at Clearfield and thence to Tyrone and the William Penn or the Lincoln Highways.

When the then Senator Sprout presented the comprehensive road plan to Pennsylvania, which has since been made the highway system of the State, the "Curly" sent to County seats over the Penfield Mountain was provided for, but thinking of little importance at the time representative Moulthrop, of DuBois and his colleague, Dr. Carrier, of Granton, allowed the road to be "locked off" or "traded" for a piece of road in Brady Township, the argument being used that while much better, the Clearfield-DuBois road could serve the northern end of the State, though adding to the mileage, and this short route could be taken up after the more important road had been built. That has been done or about done, and now is the time for the restoration of this proposed road, and a long, strong pull for it to be built.

Dr. Robert Dick Wilson, professor of Old Testament literature at Princeton Theological Seminary, told the Presbyterian Ministers' Association yesterday that thirty years of research had convinced him that the Hebrew Bible we have today is substantially the one used by Christ and the Apostles.

Dr. Wilson said he had examined 250,000 consonants in the Old Testament, comparing the Hebrew with Greek, Syriac, Aramaic, Latin and other versions, and had scientifically proved his case.

"There are many ministers who do not believe what Christ and the Apostles said about the Old Testament," Dr. Wilson continued. "If any are here, I am willing to back my knowledge up against theirs."

Many clergymen, Dr. Wilson said,

Do You Get Up Nights On Account of Bladder?

This Symptom Tells You Something Is Wrong. A Dayton Man's Experience

Mr. John Lumpkins, 7 Carrie St., Dayton, Ohio, says in his own home paper, the Dayton Herald: "For two years I had to get up fifteen to twenty times each night. The aching and pain was awful. After taking a few boxes of Lithiated Bicarb (Keller formula), the gravel passed. Some were as large as a bean. I am glad to have this way of easing my fellow sufferers about this great new remedy. Lithiated Bicarb (Keller formula) acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out and helps to relieve the bladder of abnormal deposits. The tablets cost 25 cents. This price makes it possible to place in the formula several exclusive drugs, which are useful for relief. The formula is on the package. It is likely you have never taken anything similar. Try a few doses for backache, swelling, sandy or high-colored urine and frequent desire at night."

Be sure to get the Keller formula Lithiated Bicarb at Stevens' Drug Store and Drug Store everywhere, or write The Keller Laboratory, Mechanicsburg, Ohio.

were holding on to the conclusion of German scholars of last generation in ignorance of more recent discoveries.

As a matter of fact, we have more and better proof of the authenticity of the Old Testament today than was possessed in the days of Jesus and the Apostles, he asserted.

We now control Liberia in Africa, through our recent loan of \$5,000,000 which carries with it the right to manage its treasury. We own the Philippines, Hawaii, Porto Rico and the Virgin Islands, and our bankers have loaned enough money to Bolivia (\$24,000,000) to gain control of her finances—and that means her policies commercial. We control Haiti and San Domingo and we dominate Cuba and Nicaragua. We must control any canal route through Nicaragua. We have furnished financial advisers to Paraguay and Peru.

Otherwise—except in sending a naval fleet to the Dardanelles to protect Americans there—we are bound to do our best to avoid entangling alliances and foreign obligations. No, we have no mandate over Armenia, but the Philippines gives us rights in the Far East. Liberia gives us obligations in Africa. Bolivia ties us up in South America, the islands we own in all the seas keep continental America from being provincial—at the risk of being "insular". Alaska in the Arctic, Porto Rico and Liberia in the Tropics, Bolivia in the South Temperate Zone!

The shots of war are heard round the world, and we of America imagine the war is too far away to concern us.

God of our fathers, known of old— Lord of our far-flung battle line— Beneath whose awful hand we hold Dominion over palm and pine— Lord God of Hosts, be with us yet!

Lead us not, tempt not, lest we forget! Rebuild how the poet of the above forgets."

While everything is so dry and there is a water shortage it might be a good plan for the residents of the town and vicinity to post one burning rubbish and leaves until after there is rain. The sparks from an outside fire might start a conflagration that would quickly get beyond control.

As a reminder to France and Italy that America can not be trifled with indefinitely the Washington decision to postpone further naval scrapping until the limitation pact is ratified by those countries is wise.

The United States, Great Britain and Japan have ratified their pledges during the party. Italy has withheld ratification in fear of French naval expansion. France has withheld ratification as a pawn in her diplomatic game with England and perhaps in her financial game with America. The threat of war over the Near East complicated the outlook, but there would have been no threat of war had the powers abandoned the old diplomacy and conducted their negotiations with the frankness of the parties at Washington.

Peacemaking assumptions that the naval pact will fall through are natural, but happily are not likely to be realized. Washington's blunt announcement will not be without weight in Europe where this country's influence is still sought. The flurry over Turkey shows signs of abatement to the relief of Paris and London, both of which now realize the danger of going too far toward disruption of the Entente. Compromise is in the air, with the Turk the gamut. It may not be very creditable to European diplomacy, but when was European handling of the Turkish problem anything but discreditable.

For Christmas cards this year the nation will spend sixty million dollars. That means many cards. Do not waste time figuring what could be done, more useful, with so much money.

Nothing is more useful, more truly valuable, in dollars and cents than a thinking plea in thoughts in million of minds. What sunshine does for flowers and vegetables friendly messages, however simple, do for the human heart and mind.

We are ordinarily a most gloomy nation, the most gloomy undoubtedly outside of Asia. Look around in any restaurant and see if you can find three really happy faces. If a friend or Italian crowd of the same size you would find thirty to fifty beaming. Anything that lights the national gloom is creditable. Sixty millions for Christmas cards is money well spent.

Winsted, Connecticut, the home of the unnatural in the animal, vegetable and mineral kingdoms, seems about to lose its standing. Not only has Mason, Iowa, produced a child which at five minutes of age distinctly poked the word "mother" but near Canton, Ohio, just the other day, two live full size lions were seen courting over fields and fences.

While Winsted's home it was glorious and perhaps all its phenomena are not yet done. With the name of the Connecticut town must ever be connected that of Louis Stone, newspaper correspondent.

He it was who first told the world of the hen which rode on the headlight of a locomotive for several miles, and then paid her fare by laying an egg. It was his sharp reportorial eyes that glimpsed a cow, wading in a stream, being milked by a hornspout, a Winsted variety of fish.

Mr. Stone chronicled, too, the amazing adventure of a chicken. It swallowed two toothpicks and a ball of worsted. Then it got mixed up with an electric fan and was killed. When the autopsy was held, Biddy was found to have within her a neatly knitted sweater. But her owner, Mr. Stone added didn't keep it because there were three faulty stitches, and it was too small for practical use.

Thus Stone of Winsted. But now if other cities are going to start it, we soon shall not dare to look a cat, a dog, a cow or a baby in the face, for fear it will do some freak thing or other.

A college head proclaims that college is not for all. Perhaps he would limit attendance to football players.

As a nation without hootch, Turkey shows a lot of heavy willam stuff that never came from 'Ten Nights in a Barroom'.

In these parts a jail is a place in which to keep prisoners. Down south it is place for the mob to go to get them.

Though it is proposed to abolish prohibition joke nothing is more joked about than marriage, which goes on regardless.

GOOD WILL

It's not what we have done for our customers but it's the way we have done it, that has secured their good will.

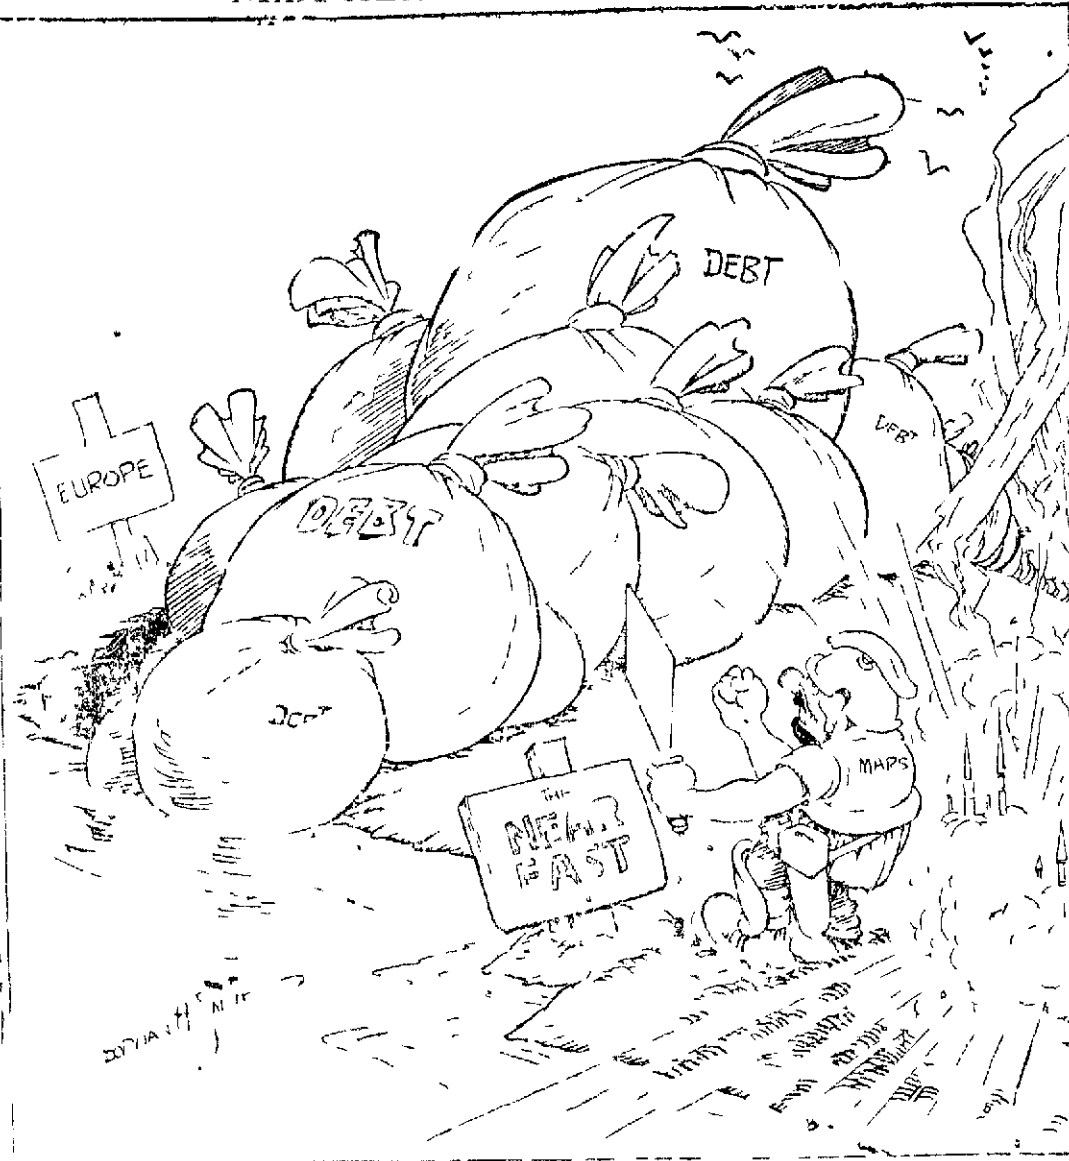

It's not attending to the routine banking function which were obliged to perform, but it's the going out of our way voluntarily to be helpful to all that has made people speak well of us.

Helpfulness or courtesy in action is not elective in the bank. We never hesitate before rendering a service nor discriminate between customer—all are valued and served.

We cordially invite everyone to use the bank which our depositors have found so helpful, and which has given to them our biggest asset—then good will.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Mr. and Mrs. F. S. Moyer, who reside in Philadelphia, visited in the home of Mr. and Mrs. J. Clyde Gates on West George street, Wednesday and Thursday. Mr. Moyer is a brother of Mrs. Gates.

Mrs. Vern H. Bloom left Curwensville on Wednesday for Pittsburgh. After spending a week visiting friends in that city she will go to Youngstown, Ohio, for a stay of several weeks. "Dobbins" is an uncle of hers when he has time to think of his widowhood.

Rev. Max Lantz, a former Methodist minister of this charge, came over from Altoona Wednesday and assisted Rev. Collins with the funeral services of Mrs. S. C. Watts. The reverend gentleman has a host of warm friends in Curwensville who are always pleased to extend the right hand of fellowship to him.

Mrs. James Sheridan returned to her home here yesterday evening after a two days visit with Mr. Sheridan's parents in DuBois.

An itinerant painter visited our town yesterday and put in considerable time lettering windows of business places. He certainly is an expert in his line as his work demonstrates.

Henry Heitzenrath is going to fix up his bowling alley in first class shape. After the improvements are completed he will organize his gang of brigands, put them in fighting trim and then issue a challenge to any team in the country for a series of duck pin games.

S. G. Norris, barber-farmer, living near town, has placed on exhibition in his shop three apples of the Northern Spy variety, each of which tips the scales at sixteen ounces. They make a fellow's mouth water to even handle or look at them.

Mrs. George Bressler who had been ill at the residence of her son in Centre county, was brought to her home here last Sunday. She is improving slightly. Andy Bressler, where she was visiting, has been ill nearly all summer, he having suffered considerably while a soldier in France and never fully recovered from the hardships of march and battle.

Twenty-five or thirty members of Curwensville lodge, K. of P., have made arrangements to go to Munson on Saturday evening to attend an entertainment and oyster supper which will be given by the combined lodges of Munson and Morrisdale on that evening.

We are requested to announce in today's Curwensville letter that the American Legion band will give an open air concert on the diamond, corner State and Thompson streets, on Saturday evening. On Sunday afternoon this organization will go to Philipsburg where it has been engaged to give one of its famous sacred musical concerts. The Legion band has gained a standing reputation among musicians for the fine and high grade music handled.

Messrs. Raymond and Fernan Smith took a day's vacation yesterday and wended their way Dufferinward to witness the races. For once in that town's history every race advertised came off as scheduled.

Christopher Cullen and Miss Catherine Rowles, both of Grampian, married at Curwensville yesterday afternoon, and at five o'clock hunted up the residence of "Judge" John A. Dale, on River street, and, after producing the proper credentials, had the words said which joined them together as one flesh for life. The time ceremony was used. A few months ago the bride returned from Mississippi, where she had made her home with a sister for several years. The new-weds contemplate making Grampian their home.

Toney Ballew has purchased from V. S. Wall and William Butelle a certain number of feet of ground to be cut off the rear end of their lots fronting the alley. The purchase price was \$650. The new owner will proceed at once to erect a dwelling house and a large and fireproof garage on the ground.

Andrew and Susan Sits have sold

their property on Saquehanna avenue, South Side, to Frank B. Byers, receiving a consideration therefore in the sum of \$1,000. Byers in turn disposed of his property on Scofield street to Effie Turner for the sum of \$1,600.

Rhoda Rebecka lodge, No. 347, met in regular session Thursday evening for the purpose of installing officers for ensuing term. District Deputy Mrs. H. T. Smith was present and installed the following: Noble grand, Mrs. Verdie Addleman; vice grand, Mrs. Helen Aughenbaugh; secretary, Miss Mae Schively; treasurer, Miss Maud Elder. The appointed officers will be given later, as it was impossible to secure them last evening. Refreshments were served after the lodge work was completed.

Miss Mary Shade, of Clearfield, is a guest in the home of Mr. and Mrs. Vincent DuPalma, North Filbert street.

Some few weeks ago a carload of finely finished leather was billed from the Pennsylvania Hide and Leather Company's plant here to the stores in New York. Somewhere along the route before the leather reached its destination, the car was dumped into a stream of water, damaging the leather to such an extent that it was returned to the home tannery for relining.

Saturday evening Bethesda lodge, I. O. O. F., No. 821, will install a new set of officers. Those to be inducted in office to serve for next six months are: Noble grand, C. W. Confer; vice grand, Harry Addleman; secretary, H. S. Brown; treasurer, John A. Dale; trustee, William A. Dale. It is confidently expected that District Deputy Clair Davis, of Clearfield, will be present to do the work.

The funeral of Mrs. Samuel C. Watts was held from the M. E. church yesterday afternoon. The body during the time that it laid in state in the Daugherty home, was viewed by several hundred people who called to express their sorrow and sympathy to the members of the family and to take a last look at their associate and friend. The body was taken to the church an hour before the time set for services and several hundred passed in and out after viewing the remains. Rev. J. C. Collins, the regular pastor, assisted by Rev. Max Lantz, of Altoona, a former pastor, conducted the religious service. Eighty members of Mrs. Watts' Sunday school class were present. The funeral train, as it left the church, by autos, for the burial ground, was an unusually large one, demonstrating the friendship and high esteem in which the deceased was held in this community and adjacent territory.

It is said that there are several Curwensville merchants who are lamenting the untimely disappearance of a Mr. Ward, who was a construction contractor on the Curwensville-Grampian State highway. We have often heard of soldiers jumping out of the army in time of war, and claim jumpers, and various other kinds of jumpers, but this is the first instance to our knowledge of a State highway jumper, and he did not use a vaulting pole "either."

The Indian signs of a massacre are over for the time being at least. The Illini tribe initiated their big class of prisoners on Wednesday evening and the peace pipe has been smoked and laid away. At the conclusion of the ceremonies a smoke was held and plans formulated for another raid into paleface territory after the corn husking season has passed and corn hunting time arrives.

Early Leaf Sugar.

The art of making leaf sugar was introduced by a Venetian in the fifteenth century, who received a large reward for his discovery. The leaf sugar of other days was not in the convenient form of cubes as we have it now, but was large like a round loaf of bread and was some trouble to cut.

Unlike the Bore.

We'll say this for the burglar, he never drops in on us when we are busy.—Boston Evening Transcript.

BIGLER

Mr. and Mrs. Fred Walker of Woodland were visitors at the home of Wesley Shimmel recently.

Mr. and Mrs. Thomas Remnyder and two children and Mr. and Mrs. Earl Goodyear and daughter, of Clarence visited at the home of George Remnyder on Wednesday. They made the trip by motor.

Mrs. Malissa Simpson, of Pittsburgh and Mr. and Mrs. Peter Gearhart of Clearfield spent Sunday at the home of Mrs. Eva Williams.

Mrs. G. B. Thompson and daughter Betty were shopping in Clearfield on Thursday.

Mr. and Mrs. A. L. Forey left yesterday for Denver, where they expect to make their home. Their daughter, Mrs. Charles Moore accompanied them there.

Mrs. Jonathan Ashworth, Mrs. Earl Frazier and son, Mrs. E. T. O'Neil and two children and Mrs. James Taylor and son, of Osceola Mills, and Mr. and Mrs. Clarence Peters and four children of West Decatur spent Wednesday at the home of Lloyd Stevens.

Mrs. Merlin Kyler spent Thursday with relatives in Curwensville.

There is quite a large fire in the woods between here and Grampian. Men have been fighting for the past thirty-six hours but it was necessary to call help from the brick yard, so they closed the works and sent all men this morning.

Crab Shell Barometer.

The Aruacians of the southernmost province of Chile use a crab shell as a barometer. In dry, fair weather it is white, but when rain is approaching, red spots appear on it, and when excessive moisture is present in the atmosphere it becomes red all over.

A Wife for Seven Pigs.

Wives in New Guinea have a miserable time. It is true they have a high value—sometimes as many as seven pigs are paid for a wife. But the wives are badly treated and often are killed for minor offenses. Yet, strange to say, in New Guinea it is usually the girl who proposes marriage.

THE GIFTS THAT LAST ARE THE GIFTS WE SELL

The gifts that last are the sort that are found here, whether they are for personal adornment or for the adornment of your home. There are those little trinkets that add so much to your appearance and then there are many pieces that would look good on your table or in other places in your home.

A lavalliere, a brooch, a pin, a wrist watch or a set of spoons, some other table ware, a clock—anything that is of the better sort of gifts you'll find here.

And you'll be surprised at the quality you'll get for the money.

MEN BLIND TO WOMAN'S SUFFERING

How many men, think you, have any idea of the pain endured by women in their own household, often without a murmur? They have no patience when the overworked wife and mother begins to get pale, have headaches, backaches, faint spells, or is melancholy and cannot sleep. There is help for every woman in this condition, as evidenced by the many voluntary letters of recommendation which we are continually publishing in this paper for Lydia E. Pinkham's Vegetable Compound. It will pay any woman who suffers from such ailments to give it a trial.

WOODLAND CHILD DIES

Charles Oncea, Jr., aged 8 months and son of Charles and Mary Oncea, died Thursday morning at the home of his parents in lower Woodland and the remains were interred in Calvary Cemetery here this afternoon.

RACHEL WAGER WILEY

Rachel Wager was born October 27, 1841, at Houser's Mill, Spring Creek, Centre County. She was left motherless at the age of six years, her father, John Wager, then moved to Shaws Mill, Clearfield County and for five years she was amongst strangers, who treated her very unkindly. At eleven she came to live with Mr. and Mrs. Wm. T. Thorpe, on the homestead near Curry Run, where she remained until the age of 24 she was married to William Thompson Wiley, Feb. 22, 1866. She loved Mrs. Thorpe, who was really a mother to her and to whom she always gave credit for the forming of her character, by her kindly advice and guardianship. She was the mother of eleven children, losing all but four in their early childhood. The surviving ones were all with her in her last hours. They are Charles Thorpe, of Marron, Pa., S. Jeanette, wife of E. C. Everett, of near Curwensville, Pa., J. Frank, of near Bell's Landing, Pa., and Margaret R., wife of C. J. Van Baskirk, Lake City, Colo. She leaves also, one brother, E. C. Wager, of Lake City, Colo. Her husband preceded her in death Feb. 27th, 1891. She remained his widow, true to her love for him, for the 31 years she was left on earth after his death. In her early girlhood she gave her heart to her Savior and lived a Christian life, always ready to help others in all ways. Her life was a full and well spent one. She passed to the beyond to join her loved ones over there September 25, 1922 after a long illness and great suffering, thru which she was patient and only prayed her Savior to release her and take her home, her age being 80 years, 10 months and 28 days. Funeral services were conducted at home of Mr. and Mrs. F. C. Everett by Rev. Lewis, of Marron Baptist Church assisted by Rev. Cameron of Curwensville Baptist Church. The text was taken from Romans 8:18. "For I reckon the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us." The Hymns were her favorites and sung by a quartet of her friends. "Saved by Grace," "The Beautiful Land" and "Asleep in Jesus." Interment was made in Ferguson Cemetery. The floral offerings were many and beautiful. God was good to give us such a mother and leave her with us for so many years.

MUDANIA MEETING ENDS ABRUPTLY IN HOPELESS DEADLOCK

Constantinople, Oct. 6. Abruptly, though not unexpectedly, the Mudania conference came to a halt last evening. When it will be resumed is a matter of conjecture.

Brigadier General Harrington, commander and head of the Allied delegation, returned on the Iron Duke and the Italian delegation also came to Constantinople. It is understood that the allied generals will go into conference with the high commissioners on certain serious differences which have arisen at Mudania.

Various explanations for the separation of delegations are given in the rumors which developed here. The most generally credited relates to the evacuation of Constantinople. According to unofficial information Ishmid Pasha, the Nationalist representative, suddenly raised the question at the afternoon conference of the evacuation of Constantinople. General Harrington replied that it would come after the conclusion of the peace treaty as set forth in the joint allied note. Ishmid insisted on an earlier evacuation and it was found impossible to reach an agreement for the present at this point.

Another report was current as only

WELL BABY CLINIC AT WINBURN EVERY TUESDAY AFTERNOON

Miss Anna Miller, of the State Health Department was in Winburne last Friday and Saturday in the interest of the Division of Child Welfare, which she is representing. Her special object was to arouse more interest in the well-baby clinic. We wish to remind everyone that this clinic is held in the former Red Cross Room, every Tuesday afternoon from 2 to 4. Miss Hess, State nurse for this district, takes charge of weighing the babies and children of pre-school age and of advising about feeding or any other treatment. At three o'clock each Tuesday afternoon, a physician will be present, who will hold consultations and give advice, if desired. This clinic is free to everyone and mothers are urged to take advantage of it.

28,000 Federal Court Convictions Under The Volstead Act In Year

Washington, D. C., Oct. 6.—Con-
trary to the prevailing impression
that the Federal Prohibition Bureau
has not been very active in getting
convictions before the Federal Court,
a survey for the past twelve months
shows that there have been 28,273
Federal court convictions of violation
of the Volstead Act in addition to
many thousands more in county and
state courts—almost one hundred a
day for each day courts are in ses-
sion. During this same period there
were 45,444 indictments returned.

Very few escaped being found guilty
and many of the cases in which in-
dictments were returned are yet to
come to trial.

WOMEN INTERESTED IN PUBLIC MEETING HERE THIS EVENING

Clearfield women generally are slow
to interest, likewise to anger, and
there may not be a great outward
show of interest in the meeting to be
held at the Arbitration Room of the
Court House this evening. There has
been considerable activity among
them in behalf of the Pinchot ticket
and County Chairman A. J.

Of Osceola has appointed Mrs. W. S.
Bouton, Borough Chairman for this
campaign. In addition to this appoint-
ment there have been chairmen named
for each precinct. Go to the meeting
tonight and learn who your chairman
is, also hear the topics of the cam-
paign discussed. The meeting will be
called at eight o'clock sharp. Every
woman who voted for Pinchot at the
primaries should be there to back up
her intentions at this time. Likewise,
every woman interested in good gov-
ernment, whether a voter or not
should attend.

35 PERISH IN FOREST FIRE

EIGHT TOWNS ARE IN RUINS; 4,000 PEOPLE ARE HOMELESS IN GREAT FOREST BLAZE IN TEMICKAMING SEC. OF ONTARIO, CANADA

Fifteen Bodies Are Recovered At Village Of Haileyburg, Seventeen Are Found At Heaslip And Three At Chareleston—Refugees Tell Horrible Stories.

ESTIMATED PROPERTY LOSS \$10,000,000

TORONTO, Ontario, Canada, October 6.—Thirty-five are dead, over four thousand homeless and eight towns are in ruins, with a property loss, exclusive of timber, of over ten millions of dollars, by a forest fire which swept over this part of the province in the section of Temickaming.

Fifteen bodies have been recovered at Haileyburg, seventeen at Heaslip and three at Chareleston. Mr. and Mrs. Robert Bond and their eight children, together with Mrs. Bond's brother, were found suffocated in a medicinal root storage house where they had taken refuge from the flames and smoke which surrounded their clearing.

The fire raged over a large extent of ground, burning and withering everything in its path, cutting a wide swath over hills and valleys, completely consuming everything in its way. Refugees were today pouring into North Bend with terrible stories of the disaster, which exceeds in horror anything since the Mathison conflagration of 1915. Wagons, automobiles and conveyances of all description are racing to the devastated section today to give aid to the sufferers. A rain last night stopped the wild progress of the flames but the fire is still burning in spite of the efforts of volunteer firemen. The rain undoubtedly saved the whole wooded province.

Successful Young Brick Man Takes Accomplished Local Girl As His Bride

The wedding of Miss Ethel Ruth Boyce, one of Clearfield's most highly accomplished and most popular young women, and Mr. S. Keith Davis, of Santa Ana, California, in Trinity Methodist Episcopal church Thursday evening, October fifth, 1922, was an event of special interest in Clearfield. The impressive ring ceremony was employed by the Rev. Dr. Horace Lincoln Jacobs in the presence of an assemblage of relatives and friends of the high contracting parties which comfortably filled the spacious auditorium. Miss Maude Coplin, of Clearfield, O., was bridesmaid, Miss Alta Boyce, maid of honor, while the groom was attended by Mr. J. O. Heintz, brother, vice president of the U. S. Refractories Corporation, as best man. The ring bearer was Master Roy Shenton Boyce, aged 2 years. He wore a cute little black plush velvet suit and white satin slippers and bore the ring on a white tulle pillow. Miss Anna Boyce, 7 years old, was flower girl. She wore a beautiful yellow georgette dress, trimmed with baby ribbon and carried, lace-trimmed leghorn hat and yellow shimmer filled with rose petals.

The ushers were Mr. Roy Boyce, brother of the bride; Mr. Randolph Brubaker, of Clearfield; Dr. Joseph Dewey Grey, of Augusta, Georgia; Mr. Victor L. Wallet, of Mount Union, Pa.; Mr. Park Hitchins, of Pittsburg, Pa.; and Mr. Edward L. Bell, of Pittsburg, Pa.

The wedding ceremony was scheduled for 6 o'clock, and a half hour previous to that time the "Ave Maria" organ and piano duet, was rendered by Mrs. Mac Gallaher at the pipe organ and Miss Dorothy Woodward at the piano. Mrs. Gallaher followed with the "Venetian Love Song" on the organ. This was followed by Miss Woodward playing on the piano "The Wedding Day," by Grieg. A violin solo by William Hoover entitled "The Barcarole" (Continued on Page 3).

Snyder officiating. Interment in Ladose cemetery.

HUMOR'S SOBER SIDE!

Being an Interview With Tom Sims, Third of a Series
On "How Humorists Get That Way"

By Josephine Van de Giff

Every once in a while an idea will start joggling along, headed for no place in particular, and after awhile if it gets sort of careless like, it'll have a collision with another idea. The result is what is sometimes known as a wise crack according to Tom Sims whose column, "Tom Sims Says" has regaled readers of several hundred newspapers for the past year.

"By sheer accident," he says, "I may learn that skirts are longer. Then I see in the paper that cord is getting shorter. How strange, Watson, give me the typewriter. And hitting on all two fingers I hammer out, 'This winter's schedule calls for longer skirt and shorter cord. The women have more sense than we thought.'"

"One pay day while cussing because I had to work late I hit on, 'All work and no play makes jack.' This proved to be one of my most noted lines."

"Another time I profited from a galling or by an extra grouchy traffic cop. It was, 'A grouch is a man who thinks the world is against him—and he's right.'"

MINERS DECIDE TO STAND ON PRESENT WAGE SCALE RATE

Cleveland, Oct. 5.—The Policy Committee of the United Mine Workers, has reaffirmed the demands of the February, 1922, convention of the union in Indianapolis, demanding the continuation of the present wages in coal mines until 1925 and in addition the six hour day and the five day week. Time and one half for overtime and double time on Sundays and holidays.

Those demands will be presented to the next scale conference of miners and operators prior to the expiration March 31 next of the Cleveland agreement signed here last August, which virtually settled the soft-coal strike and which now is in force.

The decision by the policy committee to stand on the old demands makes it unnecessary for the miners' union to hold a convention between now and next April, John L. Lewis, president, announced.

The joint conference, representing all important union bituminous coal producing districts in the nation agreed late yesterday upon a method of selecting delegates to a conference to meet in Chicago November 4 to formulate a method of procedure to be followed by the bituminous coal industry in negotiating a wage scale agreement to become effective April 1, 1923.

The representation on the committee selected consists of the two operators and two miners from each of fifteen mine union districts throughout the country. The operators also selected representatives.

WOMEN LEADERS OF WORLD WILL MEET IN U. S. IN 1925

Washington, D. C., Oct. 6. (U. P.)—A world council of women will meet in the United States in 1925. Women leaders from practically every civilized land will visit America at that time, guests of the National Council of Women of which the General Federation of Women's Club is a part.

Plans for the Quinquennial of the International Council of Women which is the first meeting of this body ever scheduled for America were launched immediately upon the receipt recently of a cablegram to Mrs. Moore announcing the decision of the Executive Committee of the International Council of Women at the Hague, to accept the invitation of the United States Council to hold its 1925 meeting in Washington, D. C.

In order to ensure the presence of women from every one of its foreign organizations at the Norwegian Quinquennial in 1920, an appropriation of 40,000 kroner from the Storthing was secured to help defray the expenses of the delegates from Iceland, Ukraine, Greece, Serbia and Austria.

In keeping with this precedent the United States Council of Women will proceed to take the necessary steps to appeal to Congress to either furnish transportation or to charter a special steamship liner to place at the disposal of the foreign delegation.

The International Council is composed of (Continued on Page 2).

WHAT'S THE MATTER WITH CLEARFIELD?

President of Denver City Council and Rev. W. L. Armstrong Give Their Impressions.

QUERY ANSWERED

The Rotarians who attended last night's regular meeting of the Clearfield Rotary Club were privileged to get a slant at their "old home town" as "others see us." Following the regular Rotary program, which always includes a good feed, President Albert Bigler introduced as the first speaker of the evening Thomas F. Azzell, president of the City Council of Denver, Colorado, one of the leading business men and progressive citizen's of the Colorado capital. Mr. Azzell, who takes a most active interest in civic affairs in his home city, has given our little town the critical "once over" while visiting his daughter, Mrs. Walter Flegal, and gave the assembled Rotarians a lot of food for thought along the line of the pressing needs of our town.

Rev. W. L. Armstrong, of the West Side Methodist church, the regularly scheduled speaker of the evening, had been assigned the subject "Impressions of Clearfield, From a Newcomer." The reverend gentleman sailed right into his subject, which he handled without gloves, especially for the first half of his talk, in which

he gave his first impressions of the old town. The first impression he got was that Clearfield and Clearfield people were entirely too indifferent toward the newcomer and the "stranger within our gates" had to be possessed of a hatchet and a hacksaw to chop and hack his way into social communion with the average Clearfielder. Unfortunately for us there is more truth than poetry in Reverend Armstrong's hide-peeling diagnosis and the Rotarians took their share to heart, with mental resolve to remedy the defect.

The second section of Rev. Armstrong's talk came along filled to running over with the good he has found in Clearfield and Clearfield people, paying splendid tribute to our physicians and the wonderful Clearfield hospital, the splendid churches, community service and our peerless American Legion Band. He said the only section of town that did not suit him now was the West Side and he expected to have the principal defect over that way remedied before long by the erection of a Methodist church commensurate with the needs of that community and an edifice that would be in keeping with the general character of the church buildings in Clearfield, the Rotarians greeting this forward-looking statement with a salvo of applause.

The program for next week's meeting of Rotary will be announced later.

Precaution Needed To Prevent Spreading Of Contagious Diseases

As is always the case during the first month of the school term considerable diphtheria and scarlet fever is developing among the school children of Clearfield and while there is no occasion to be especially alarmed, even the outbreak of one case of either of these scourges of childhood should serve to cause every mother to resolve to take double precaution with her little ones.

During the past week several cases of diphtheria has developed in the different sections of the town and in every case the infection was followed by one or more children being taken down who had been playing with the little one first to come down with the disease. This will explain the reason for the double precaution necessary by the parents.

Many mothers—too many mothers—do not pay enough attention to the first signs of illness in the child. That is largely the cause for the spread of infectious diseases following the assembling of children at the beginning of the school term, the seeds of the disease having been planted or existent before the child came under the watchful regulations of the school board, which keeps careful tab on every little one indisposed.

When your child complains even the slightest regarding his throat, separate him from the rest of the children and keep him away from them until the doctor's or your own (Continued on Page 3).

WARD COMPANY LEFT DEBTS AMOUNTING TO LARGE FIGURE

The developments in the alleged financial smash-up of the John M. Ward Company, the sub-contractor of the grading on the Curwensville-Grampian State road, as they unfold from day to day, continue to make it appear that Ward made a deliberate "killing" of the job. He is alleged to have sought and received credit right and left and paid nothing. A lot of small business men at Grampian were struck for amounts ranging from \$100 up to \$500 for supplies of different kinds for the commissary run by Ward. Several Clearfield merchants were also stung to the amount of several hundred dollars each, while a number of Curwensville business men were also caught in the slick operation.

It is reported here that a man who knew Ward met him in Erie the day after he made his get-away from Grampian and he is supposed to have told this acquaintance that he received \$51,000 for the work he did for the road contractors at Grampian, and if this is so, Ward had his pockets lined with "dough" when he blew out. The Erie man said Ward was in a highly nervous state when he was talking with him.

Mr. Pugh, of the Pottsville Construction Company, came to Clearfield yesterday and went up to Grampian with District Engineer Stockpole of the State Highway Department to check up on Ward's operations so far (Continued on Page 3).

UNVEILING OF D. A. R. MARKER ON SITE OF FIRST POSTOFFICE

Will Be Event Sunday Afternoon At 2:30 At Mitchell Stone House Farm On Ridge Road.

HISTORIC VALUE

Susquehanna Chapter, Daughters of the American Revolution, will unveil a tablet on the Mitchell Stone House Farm, Lawrence township, on Sunday, October 8th, at 2:30 p. m. This tablet marks the site of the first postoffice in Clearfield county. Alexander Read was the postmaster, and was commissioned in 1813.

The tablet is of bronze, and was made by the well-known firm of Matthews & Co., Pittsburg, Pa. It is set in a block of native sandstone, donated by Charles T. Eastburn, proprietor of the Roaring Run Stone Quarries, Curwensville. The work of transportation and erection was successfully accomplished by Mitchell & Miller, Clearfield.

The committee in charge is very anxious to have representatives of the various branches of the Alexander Read family present on this occasion. The children of Alexander Read were as follows: Alexander, Thomas, John, James, Amos, Rachel and Sarah. It is hoped that their descendants will join in honoring their worthy ancestor. The public is also cordially invited to attend.

"PEP" MEETING AT HIGH SCHOOL THIS EVENING ARRANGED

A "Pep Meeting" designed to put some real "pep" into the team at opening of the football season will be held at the Clearfield High School Auditorium this evening at 7:30 o'clock.

This is an annual and worth while gathering designed to enlist the support of pupils and patrons of the school and the townspeople generally for the football team and to demonstrate to the members thereof that they have been selected for the purpose of upholding and maintaining the honor and glory of old C. H. S. upon the gridiron in the many battles arranged for by the season's schedule.

Real "pep" speakers will hold forth during the evening and the solemn ceremony of presenting the blankets to the team will also be carried out, each member of the team being given the admonition of the Saracen mother when she presented his shield to her son at his start for the wars, "Return bearing it in triumph or come back wrapped in its folds."

Every patron of the schools and supporters of the team is invited to attend this meeting, which is free to all. Come.

"Iron Man Scott" To Much for Ruth And His Cohorts

Manager Miller Huggins trotted out Hoyt today to stop the onslaught of the Giants' batsmen but Hoyt was unequal to the task and McGraw's sluggers nipped him for twelve bingles.

Iron Man Scott for the Giants had the Yankees at his mercy at every stage of the game just as Shawkey had the Giants biting in yesterday's game after that fatal first inning. The Yankees had only four scattered hits off him.

The Giants got into action in the third inning putting two runs across the plate in a hit and run game. The final run came in a similar manner.

Time and again Hoyt got himself in a hole and was pulled out by good fielding. Aside from Witt's bonehead sleep on first base when he was caught cold, the game was marked by good playing. The pitchers, however, were unevenly matched. A different story perhaps tomorrow as fans believe that Shawkey, if given another chance can hold the Giants in tow.

First Inning

For the Yankees. Witt up. Strike one, Ball one, ball two, out Scott to Kelly. Dugan up, Strike one called, ball one, ball two, Dugan flied to Young. Ruth up, Ball one, strike one called, strike two swung, ball two, out Frisch to Kelly. No runs, no hits, no errors. Scott was using nothing but a fast ball. He got Ruth to swing fastly on two on the inside and then forced him to jump one down to the infield.

For the Giants. Bancroft up. Strike one called. Out Hoyt, unassisted. Groh up, Singled to right field after having a strike called. Frisch up. Ball one, strike one called, singled thru the box to center field. Witt holding Groh at second. Muesel batting. Strike one called, foul, strike two, ball one, ball two, lined into a double play. Ward to Pipp. No runs, two hits, no errors. Ward leaped high in the air and pulled down Muesel's drive for a beautiful play. Hoyt apparently was off form. Using nothing but a straight fast ball.

Second Inning

For the Yankees. Tipp up. Singles to right field. Muesel up. Strike one swung, strike two called, ball one, ball two, fouled out to Kelly. Schang up, foul, strike one, strike two swung, flies to Cunningham. Ward up. Strike one, swung, ball one, ball two, strike two swung. (Pipp steals second) foul, ball three. Out, Bancroft to Kelly. No runs, one hit, no errors. Scott continues to rely on a fast ball. Started with low ones but switched to high ones in second. Plenty of steam.

For the Giants. Young up. strike one called, ball one, dropped a single into left field but was out at second, trying to stretch it into a double. Kelly up. Strike one, called strike two, ball one, ball two, out, Scott to Pipp. Cunningham up. Ball one, strike one called, singled over first base. Smith up, foul strike one, forces Cunningham at second, Ward to Scott. No runs two hits, no errors. Hoyt started to use a curve ball rather defensively but was saved by good fielding. The sun dropped behind the grandstand and it is now as dark as it was yesterday afternoon when the game was called.

Third Inning

For the Yankees. Scott up. Strike one called, flies to Young. Hoyt up, ball one, strike one called, ball two, out Frisch to Kelly. Witt up. Ball one, ball two, strike one called, ball, strike two called, he walks. Dugan up. Ball one, strike one called, (Witt nipped off first base, Smith to Kelly). No runs, no hits, no errors. Witt was found asleep about two-feet off the base. Smith got the ball down so fast that Witt was tabbed before he could move—"half-Witt".

For the Giants. Scott up, strike one called, singled past his namesake on opposing team. Bancroft up. Bancroft safe at first and Scott goes to third when Ward muffed a roller (sort of Warded it off). Groh hit to Hoyt and Scott was run down between third and home, Hoyt to Schang to Dugan. Bancroft went to third and Groh to second. Frisch up. Ball one, flies to half-Witt, Bancroft

\$1,441,486 A YEAR'S DISASTER RELIEF COST

Red Cross Aided 145,000 Victims in United States—Losses Total \$30,000,000.

Seventy-two disasters, with hundreds reported killed and injured, and more than 1,500,000 other homeless or requiring assistance, called for emergency relief measures and the expenditure of \$1,441,486.33 by the American Red Cross during the fiscal year ending June 30, 1922, according to a statement based on the forthcoming annual report of the Red Cross. The greatest toll of life was taken by hurricane and tornado, while the overflowing of rivers, the breaking of dams and torrential rains drove the greatest number of people from their homes. The property loss was estimated at more than \$30,000,000.

The year's disasters reported included twenty-six floods, nineteen tornadoes, fifteen fires, four epidemics, two theatre collapses, two shipwrecks (one an airship), and a bridge collapse, mine explosion, railway collision, and a drought. Of the floods in the United States that at San Antonio, Texas, caused the greatest property loss, \$6,000,000 and the high mark of fatalities, 101, while the flood in the vicinity of Vicksburg and Natchez, Miss., forced 31,000 persons from their homes.

A National Calamity

In the Red Cross disaster relief records there will probably remain for many years one calamity which touched nearly every state with a sense of horror and of loss. This was the distressing collapse of the roof of the Knickerbocker Theatre in Washington, D. C., resulting in ninety-six deaths and 125 persons injured. Situated in the center of the beautiful Northwest residential section, this motion picture theatre was patronized by many persons of prominence both in the official and civil life of the National Capital, whose family and personal connections radiated out over the entire country. The horror was intensified by a terrible snowstorm which, though it retarded, did not block Red Cross relief.

Airship Crash Finds Aid at Hand

The crash and destruction of the U. S. Army's large airship Roma in Virginia last February with the loss of 31 officers and men and 11 injured was the first disaster of its kind to call for Red Cross relief in this country. The suddenness of the accident tested the preparedness of the organization and of the Chapter at Hampton, Va., but the response was immediate and relief furnished the survivors, also funds for the expenses of relatives of the dead, who came from long distances to claim their own.

In the year's overseas record for aid rendered by the Red Cross are two fires in the Philippines, one in Manila which destroyed 1,000 homes, with a loss of \$1,500,000 and 5,000 persons made homeless, the other at Tondo, which drove 3,000 from their dwellings. In medical relief that was quick and effective the smallpox epidemic in San Domingo, which had a total of 22,000 cases with 225 deaths in a single day, tested the readiness of the Red Cross for action, and the same can be said of the San Domingo hurricane, which killed 12 persons and reduced the homes of 152 persons to wreckage. A flood in San Salvador, with a death toll of 50 and 2,000 refugees, was also effectively handled by the local Chapter of the American Red Cross.

Relief Machinery Perfected

The year has seen the further perfection of disaster relief administrative measures in every field of American Red Cross activity, and that the work may be carried on to still greater accomplishments the American Red Cross is appealing for widespread renewal of membership during the annual Roll Call, to be conducted this year from Armistice Day (November 11) to, and including, Thanksgiving Day (November 30).

chance. Ball one, strike one swung, foul strike two, out Frisch to Kelly. Pipp up. Foul strike one, ball one, ball two, out Bancroft to Kelly. Muesel up. Out Bancroft to Kelly. No runs, no hits, no errors.

Fourth Inning

For the Yankees. Kelly up. Strike one called, strike two called, foul, again, ditto, safe on first on a single to Ward. Cunningham up. Ball one, (Kelly out stealing second, Schang to Scott), strike one, out Dugan to Pipp. Smith up. Hits down left base line for a single. Scott up. Strike one, foul strike two, out on strikes. No runs, two hits, no errors. The haze has lifted from the field.

Fifth Inning

For the Yankees. Schang up. Foul strike one, again, ball one, ball two, foul, out Kelly to Scott. Ward up. Foul strike one, ball one, flied to Cunningham. Scott batting. Strike one called, fouls out to Groh. No runs, no hits, no errors. J. Scott continues to serve fast balls, mixing them high and low. He had the Yanks swinging hard and late at them.

For the Giants. Bancroft, ball one, foul strike one, strike two called, he fans. Groh out, Dugan to Pipp. Frisch up, Ball one, strike one called, strike one called, strike two called, ball two, ball three, he walks. Muesel up. Foul strike one, ball one, (Frisch out stealing, Schang to Scott). No runs, no hits, no errors. The Giants tried a bunting attack and failed. Both Frisch and Groh tried it.

Sixth Inning

For the Yankees. Hoyt singles to right centre. Witt, strike one called, forces Hoyt at second. Bancroft to Frisch. Dugan up. Strike one called, foul strike two, flies to Muesel. Ruth up. Strike one swung. Ball one, grounds to Kelly. No runs, one hit, no errors. Scott still working effectively. He has held the Yanks to two singles in six innings.

For the Giants. Muesel up, ball one, flies to his brother. Young up. Strike one called, singles to left field. Kelly up. Strike one called, ball one, ball two, fouls out to Pipp. Cunningham up. Out Ward to Pipp. No runs, one hit, no errors. Hoyt started with his curves and got the side easy. Rob Muesel robbed his brother "Irish" of what seemed a hit by a great catch.

Seventh Inning

For the Yankees. Pipp out Frisch to Kelly. Muesel up. Ball one, ball two, strike one swung, foul strike two, beats out an infield hit. Schang up. Doubles to right field, Muesel stopping at third. Elmer Smith batting for Ward. Strike one called, ball one, ball two, ball three, strike two, one, ball two, ball three, strike two, he fans. Scott up. Foul strike one, ball one, out Bancroft to Kelly. No runs, two hits, no errors. J. Scott worked courageously out of a bad hole. The Giants have three pitchers warming up. McNally now playing second base for the Yankees.

For the Giants. Smith up. Strike one called, out Ward to Pipp. Scott up. Out Dugan to Pipp. Bancroft batting. Strike one swung. Ball one, strike two called, ball two, foul, ball strike two called, ball two, foul, ball strike two called, Groh at bat. Singles to right field, Bancroft going to third. Frisch up. Singles to right field, scoring Bancroft. Groh stopping at third. Muesel up. Out McNally to Pipp. One run, two hits, no errors. The Giants got their hit and run game going and threatened to bump Hoyt out of the box.

Eighth Inning

For the Yankees. Baker batting for Hoyt. Ball one, out Kelly unassisted. Witt up, ball one, strike one called, foul strike two, flied to Cunningham. Dugan up. Out Groh to Kelly. No runs, no hits, no errors.

For the Giants. Jones now pitching for the Yankees. Young up. Ball one, strike one called, ball two, ball three, strike two called, singles past McNally. Kelly up. Ball one, foul strike one, sacrifices Jones to Pipp. Cunningham up. Strike one swung, strike two called, ball one, ball two, ball three, he walks. Smith up. Ball one, flied out to McNally. Scott batting. Foul strike one, strike two called, ball one, foul, out to Dugan. No runs, one hit, no errors.

Ninth Inning

Ruth up for the Yankees, their last

Red Cross Roll Call Heard World Around

The Annual Roll Call of the American Red Cross for registration of the membership for 1923 will begin on Armistice Day, November 11, and close on Thanksgiving Day, November 30. The ground work for this stupendous task of re-enrolling the membership throughout the world has been laid in a plan for the first complete and comprehensive system of re-enrollment of the Red Cross membership in all its 3,300 active chapters at home and abroad.

An important feature of the round the world Roll Call campaign will be a universal effort to re-enlist the service of wartime Red Cross workers in the peace program by their participation in the Roll Call. In this way the vast army of volunteers will once more affiliate with the work of the Red Cross at its manifold phases. Cooperation also has been assured by government and private maritime interests in a deep-sea Roll Call that is destined to reach every member or potential member in every part of the world who may be en voyage or temporarily in any port.

Thousands of chapters will adopt the home compass plan of enrollment which originated in Pittsburgh, where last year it resulted in a membership increase of 50 per cent. All records in this year's campaign will be kept on standard size cards to be filed in each chapter for future use.

DISABLED SOLDIERS AND CHARITIES GET YESTERDAY'S GATE

New York, Oct. 6.—Following an exciting scene at the Polo Grounds yesterday afternoon in which former Judge Kenesaw Mountain Landis, high commissioner of organized baseball, was nearly mobbed by 5,000 fans because the umpire-in-chief had stopped play between the Giants and Yankees, the Judge announced, with his approval, decided to devote the proceeds of the game to the benefit of disabled soldiers and charities of New York city. The total receipts amounted to \$120,554, a record for a world series game.

Judge Landis explained that the players, would not figure in the receipts, but that the remainder of their share would come from the receipts of the next three games. The records made in the game, however, will be included in the records of the series.

Jeered, heckled and booed by spectators angered because they were cheated out of witnessing the conclusion of the contest, Judge Landis suffered treatment that was close to ignominy.

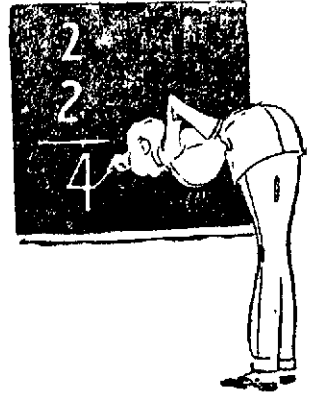

"Never in Danger," Says Landis. The disgraceful scene which imperiled the life of the former Federal judge came at the close of the tenth inning, with the score tied at 3 to 3. It was enacted for nearly 10 minutes, before a few scattered special policemen could clear a path through the crowd and rush the high commissioner to a safer spot.

He said he never for a moment considered himself in danger from rough usage by the fans. "I know baseball fans," he declared. "I feared no physical harm. In fact, I asked the police not to try to pick a path for me across the field. I was perfectly able to make my own way without assistance."

The shocking events transpired as a direct result of the calling off of the game at a time when the fans thought play could be continued. From the stand it appeared as if the clubs might play one more inning to break the tie, although the infield was fast being enveloped in a shadow that was heavier to the players than to those who sat in the stands as the athletes were forced to look into the black background of the stands.

Umpire's Ruling.

Umpire Hildebrand, one of the American League officials, gave the ruling which may have a far-reaching effect on the future of baseball. Hildebrand had had a little conference with one of his assistants and some of the players. But the fans, evidently, had no idea that the game

Weather Man Promises Rain Within The Next Forty-Eight Hours

Washington, D. C., Oct. 6.—Relief from the drought that has been depriving the entire eastern part of the United States from rain for as high as thirty days in many localities is promised by the Weather Bureau within the next thirty-six to forty-eight hours. The advent of the rainfall, when it comes, will break a dry spell of almost record duration. Lack of moisture in the ground has resulted in the drying up of springs never known to fail before and in addition to killing vegetation has delayed the planting of crops.

London, Oct. 6.—France and Britain are at loggerheads over the developments of the Mudania conference during the Allied preliminary Near East peace. The British resent the French siding in with Turkey. Lord Curzon has gone to France to confer directly with Premier Poincare in regard to the attitude of M. Bouillon of the French government who sat for France.

role," from "The Tales of Hoffman," by Offenbach. Mrs. Gallaher then sang D'Hardelet's "Because," after which she took her place again at the organ and as the beautiful strains of Lohengrin's wedding march pealed forth the bridal party entered the church, led by Miss Alta Boyce, sister of the bride, as maid of honor. She was followed by Roy Shenton Boyce, bearing the ring, who immediately preceded Miss Anna Boyce, carrying a basket of rose petals which she scattered before the bride, who entered on the arm of her father, who gave her in marriage. They were closely followed by the groom and groomsmen.

As the bridal party began their march to the altar, twelve girl friends, Mrs. Cortez Bell, Miss Helen Walker, Miss Marian Wright, Miss Evelyn Smith, Miss Edna Froyd, Mrs. Elmer Kurtz, Miss Elizabeth Zerfoss, Mrs. Walter Flegel, Mrs. Abe Shapiro and Mrs. Wayne Fleck entered the church, six on either side. They wore dresses in color scheme yellow lavender and white, with white tulle hats to match, each carrying walking sticks of yellow, and wearing corsages of lavender flowers tied with lavender tulle. Joining the bridal party at the foot of the altar, forming a very pretty scene. Reaching the altar, the bride and groom ascended the steps and kneeling on the satin pillow at the feet of the minister, while Rev. Jacobs impressively performed the marriage ceremony.

The bride wore a most becoming gown of white satin trimmed in applique lace, veil caught with Spanish comb made of lace. She carried a shower of lilies of the valley and Killarney roses. The bridesmaids wore lavender georgette and carried yellow chrysanthemums, while the maid of honor was attired in a white beaded dress with bird of paradise plume in her hair and carried yellow chrysanthemums.

The bride is the daughter of Mr. and Mrs. William Mullen Boyce, former Treasurer of Clearfield county and one of Clearfield's best known merchants and business men. She is a graduate of Clearfield High School and later took a course at Columbia University. She is much interested in community work and is president of the Junior Woman's Club. She has been a member of Trinity Methodist church choir for several years, possessing a voice of much power and sweetness and has long been a leader in local amateur musical circles.

The groom is the son of S. M. Davis of Santa Ana, California, and a grandson of McLain Davis of Clearfield, Pa. He is a graduate of Brown University and a member of the Delta Chi fraternity. He is connected with the Clearfield district and has made a host of warm friends since coming to Clearfield, whose heartfelt best wishes follow the happy young couple on their journey through life together.

Following the ceremony and congratulations the wedding party, to the number of more than three hundred sat down to a sumptuous wedding dinner prepared by the Ladies Aid of Trinity church, and served by Miss Maude Powell's class, to which ample justice was done. At the conclusion of the repast the bridal party repaired to the home of the bride's parents for their luggage and departed by automobile for Tyrone where the happy couple boarded a main line Pennsylvania train for an extended honeymoon tour through the east. They will be at home in Clearfield after October 20th.

The Pottsville people, who sublet the grading to the Ward Company are the greatest sufferers by Ward's alleged crookedness, which seems to have been in his mind and his plan from the start. He took the contract knowing the situation required that the "cream of the job" or the easiest end of the grading would naturally have to be done first and thereon decided apparently to make his "killing" by doing the easiest half of the price agreed upon for the entire stretch, including the very difficult section from Stronach, where Ward quit, down through the woods and rough country to Bridgeport.

The creditors of Ward have not entirely agreed upon a plan of action but a criminal prosecution against Ward in the Clearfield County Court will undoubtedly result.

ODDS AND ENDS AND THINGS

By J. D. C.

The people of Central Pennsylvania, acquainted with the lay of the land, will all favor the proposed northern central short route across the Penfield mountain connecting the county seats of Clearfield, Elk and Cameron counties, which a temporary organization of business men of the three counties, formed at St. Mary's yesterday, hoped to have placed on the primary road plan of the State Highway Department. This route, which starts at Clearfield and crosses the mountain to Penfield and thence to St. Mary's, Ridgway and on thru Emporium to Buffalo, N. Y., would make a short direct route from Central Pennsylvania thru the north.

To illustrate. The present traveled route from Clearfield to Ridgway is about 64 miles, while under this proposed road it would be but 37 miles, and almost exactly the same distance to St. Mary's. From St. Mary's to Emporium is but 32 miles more, while it is 52 miles from Emporium to Oilcan, N. Y., and 69 miles to Buffalo from there.

The proposed road would also open a direct route for our northern neighbors to the Lakes to the Seus Highway at Clearfield and thence to Tyrone and the William Penn or the Lincoln Highways.

When the then Senator Sprout presented the comprehensive road plan to Pennsylvania, which has since been made the highway system of the State, the "Curry sent to County" route over the Penfield Mountain was provided for, but thinking of little importance at the time, Representative Moulthrop, of DuBois and his colleague, Dr. Carrier, of Granton, allowed the road to be "locked off" or "traded" for a piece of road in Brady Township, the argument being used that while much better, the Clearfield-DuBois road could serve the northern end of the State, though adding to the mileage, and this short route could be taken up after the more important road had been built. That has been done or about done, and now is the time for the restoration of this proposed road, and a long, strong pull for it to be built.

Dr. Robert Dick Wilson, professor of Old Testament literature at Princeton Theological Seminary, told the Presbyterian Ministers' Association yesterday that thirty years of research had convinced him that the Hebrew Bible we have today is substantially the one used by Christ and the Apostles.

Dr. Wilson said he had examined 250,000 consonants in the Old Testament, comparing the Hebrew with Greek, Syriac, Aramaic, Latin and other versions, and had scientifically proved his case.

"There are many ministers who do not believe what Christ and the Apostles said about the Old Testament," Dr. Wilson continued. "If any are here, I am willing to back my knowledge up against theirs."

Many clergymen, Dr. Wilson said,

Do You Get Up Nights On Account of Bladder?

This Symptom Tells You Something Is Wrong. A Dayton Man's Experience

Mr. John Lumpkins, 7 Carrie St., Dayton, Ohio, says in his own home paper, the Dayton Herald: "For two years I had to get up fifteen to twenty times each night. The aching and pain was awful. After taking a few boxes of Lithiated Bicarb (Keller formula), the gravel came, until at least twenty-four boxes had passed. Some were as large as a bean. I am glad to have this way of easing my fellow sufferers about this great new remedy. Lithiated Bicarb (Keller formula) acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out and helps to relieve the bladder of abnormal deposits. The tablets cost 25 cents. This price makes it possible to place in the formula several expensive drugs, which are useful for relief. The formula is on the package. It is likely you have never taken anything similar. Try a few doses for backache, swelling, sandy or high-colored urine and frequent desire at night."

Be sure to get the Keller formula Lithiated Bicarb at Stevens' Drug Store and drug stores everywhere, or write The Keller Laboratory, Mechanicsville, Ohio.

As a matter of fact, we have more and better proof of the authenticity of the Old Testament today than was possessed in the days of Jesus and the Apostles, he asserted.

We now control Liberia in Africa, through our recent loan of \$5,000,000 which carries with it the right to manage its treasury. We own the Philippines, Hawaii, Porto Rico and the Virgin Islands, and our bankers have loaned enough money to Bolivia (\$24,000,000) to gain control of her finances—and that means her policies commercial. We control Haiti and San Domingo and we dominate Cuba and Nicaragua. We must control any canal route through Nicaragua. We have furnished financial advisers to Paraguay and Peru.

Otherwise—except in sending a naval fleet to the Dardanelles to protect Americans there—we are bound to do our best to avoid entangling alliances and foreign obligations. No, we have no mandate over Armenia, but the Philippines gives us rights in the Far East. Liberia gives us obligations in Africa. Bolivia ties us up in South America, the islands we own in all the seas keep continental America from being provincial—at the risk of being "insular". Alaska in the Arctic, Porto Rico and Liberia in the Tropics, Bolivia in the South Temperate Zone!

The shots of war are heard round the world, and we of America imagine the war is too far away to concern us. God of our fathers, known of old—

While everything is so dry and there is a water shortage, it might be a good plan for the residents of the town and vicinity to postpone burning rubbish and leaves until after there is rain. The sparks from an outside fire might start a conflagration that would quickly get beyond control.

As a reminder to France and Italy that America can not be trifled with indefinitely, the Washington decision to postpone further naval scrapping, until the limitation pact is ratified by those countries is wise.

The United States, Great Britain and Japan have ratified their pledges during the parley. Italy has withheld ratification in fear of French naval expansion. France has withheld ratification as a pawn in her diplomatic game with England and perhaps in her financial game with America. The threat of war over the Near East complicated the outlook, but there would have been no threat of war had the powers abandoned the old diplomacy and conducted their negotiations with the frankness of the parley at Washington.

Pessimistic assumptions that the naval pact will fall through are natural, but happily are not likely to be realized. Washington's blunt announcement will not be without weight in Europe, where this country's influence is still sought. The flurry over Turkey shows signs of abatement to the relief of Paris and London, both of which now realize the danger of going too far toward disruption of the Entente. Compromise is in the air, with the Turk the gainer. It may not be very creditable to European diplomacy, but when was European handling of the Turkish problem anything but discreditable?

For Christmas cards this year the nation will spend sixty million dollars. That means many cards. Do not waste time figuring what could be done, more useful, with so much money.

Nothing is more useful, more truly valuable in dollar and cents, than awakening pleasant thoughts in millions of minds. What sunshine does for flowers and vegetables friendly messages, however simple, do for the human heart and mind.

We are ordinarily a most gloomy nation, the most gloomy undoubtedly, outside of Asia. Look around in any restaurant and see if you can find three really happy faces. In a French or Italian crowd of the same size you would find thirty to fifty beaming. Anything that lightens the national gloom is cheerful. Sixty millions for Christmas cards is money well spent.

Winsted, Connecticut, the home of the unnatural in the animal, vegetable and mineral kingdoms, seems about to lose its standing. Not only has Mason, Iowa, produced a child which at five minutes of age distinctly spoke the word "mother," but near Kinton, Ohio, just the other day, two live full size lions were seen courting over fields and fences.

While Winsted shone it was glorious, and perhaps all its phenomena are not yet done. With the name of the Connecticut town must ever be connected that of Louis Stone, news paper correspondent.

He it was who first told the world of the hen which rode on the headlight of a locomotive for several miles, and then paid her fare by laying an egg. It was his sharp reportorial eyes that glimpsed a cow, wading in a stream, being milked by a hornspout, a Winsted variety of fish.

Mr. Stone chronicled, too, the amazing adventure of a chicken. It swallowed two toothpicks and a ball of worsted. Then it got mixed up with an electric fan and was killed. When the autopsy was held, Biddy was found to have within her a neatly knitted sweater. But her owner, Mr. Stone added, didn't keep it because there were three faulty stitches, and it was too small for practical use.

Thus Stone of Winsted. But now if other cities are going to start it, we soon shall not dare to look a cat, a dog, a cow or a baby in the face, for fear it will do some freak thing or other.

A college head proclaims that college is not for all. Perhaps he would limit attendance to football players.

As a nation without hootch, Turkey shows a lot of heavy villain stuff that never came from "Ten Nights in a Barroom."

In these parts a jail is a place in which to keep prisoners. Down south it is place for the mob to go to get them.

Though it is proposed to abolish prohibition jokes, nothing is more joked about than marriage, which goes on regardless.

GOOD WILL

It's not what we have done for our customers, but it's the way we have done it, that has secured their good will.

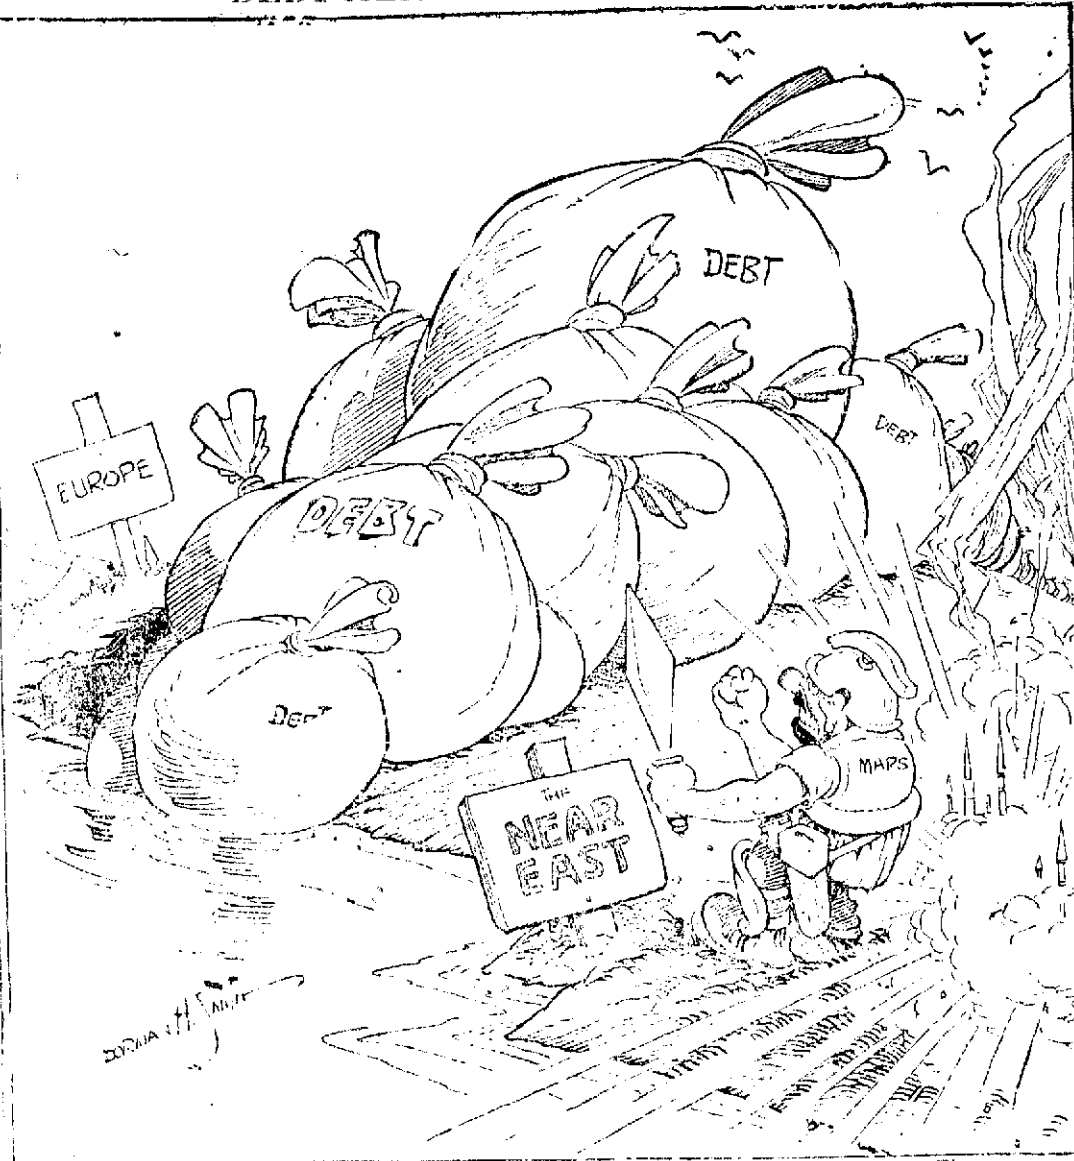

It's not attending to the routine banking functions which we're obliged to perform, but it's the going out of our way voluntarily to be helpful to all, that has made people speak well of us.

Helpfulness, or courtesy in action, is not selective in this bank. We never hesitate before rendering a service, nor discriminate between customers—all are valued friends.

We cordially invite everyone to use this service which our depositors have found so helpful, and which has given to us our biggest asset—their good will.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Mr. and Mrs. F. S. Moyer, who reside in Philadelphia, visited in the home of Mr. and Mrs. J. Clyde Gates on West George street, Wednesday and Thursday. Mr. Moyer is a brother of Mrs. Gates.

Mrs. Vern H. Bloom left Curwensville on Wednesday for Pittsburgh. After spending a week visiting friends in that city she will go to Youngstown, Ohio, for a stay of several weeks. "Dobbins" is an uncle of hers when he has time to think of his widowhood.

Rev. Max Lantz, a former Methodist minister of this charge, came over from Altoona Wednesday and assisted Rev. Collins with the funeral services of Mrs. S. C. Watts. The reverend gentleman has a host of warm friends in Curwensville who are always pleased to extend the right hand of fellowship to him.

Mrs. James Sheridan returned to her home here yesterday evening after a two days visit with Mr. Sheridan's parents in DuBois.

An itinerant painter visited our town yesterday and put in considerable time lettering windows of business places. He certainly is an expert in his line as his work demonstrates.

Henry Heitzenrath is going to fix up his bowling alley in first class shape. After the improvements are completed he will organize his gang of brigands, put them in fighting trim and then issue a challenge to any team in the country for a series of duck pin games.

S. G. Norris, barber-farmer, living near town, has placed on exhibition in his shop three apples of the Northern Spy variety, each of which tips the scales at sixteen ounces. They make a fellow's mouth water to even handle or look at them.

Mrs. George Bressler who had been ill at the residence of her son in Centre county, was brought to her home here last Sunday. She is improving slightly. Andy Bressler, where she was visiting, has been ill nearly all summer, he having suffered considerably while a soldier in France and never fully recovered from the hardships of march and battle.

Twenty-five or thirty members of Curwensville lodge, K. of P., have made arrangements to go to Munson on Saturday evening to attend an entertainment and oyster supper which will be given by the combined lodges of Munson and Morrisdale on that evening.

We are requested to announce in today's Curwensville letter that the American Legion band will give an open air concert on the diamond, corner State and Thompson streets, on Saturday evening. On Sunday afternoon this organization will go to Philipsburg where it has been engaged to give one of its famous sacred musical concerts. The Legion band has gained a standing reputation among musicians for the fine and high grade music handled.

Messrs. Raymond and Fernan Smith took a day's vacation yesterday and wended their way DuBoisward to witness the races. For once in that town's history every race advertised came off as scheduled.

Christopher Cullen and Miss Catherine Rowles, both of Grampian, married at Curwensville yesterday afternoon, and at five o'clock hunted up the residence of "Judge" John A. Dale, on River street, and, after producing the proper credentials, had the words said which joined them together as one flesh for life. The time ceremony was used. A few months ago the bride returned from Mississippi, where she had made her home with a sister for several years. The newweds contemplate making Grampian their home.

Toney Ballew has purchased from V. S. Wall and William Butelle a certain number of feet of ground to be cut off the rear end of their lots fronting the alley. The purchase price was \$650. The new owner will proceed at once to erect a dwelling house and a large and fireproof garage on the ground.

Andrew and Susan Sits have sold

their property on Saquehanna avenue, South Side, to Frank B. Byers, receiving a consideration therefore in the sum of \$1,000. Byers in turn disposed of his property on Scofield street to Effie Turner for the sum of \$1,600.

Rhoda Rebecka lodge, No. 347, met in regular session Thursday evening for the purpose of installing officers for ensuing term. District Deputy Mrs. H. T. Smith was present and installed the following: Noble grand, Mrs. Verdie Addleman; vice grand, Mrs. Helen Aughenbaugh; secretary, Miss Mae Schively; treasurer, Miss Maud Elder. The appointed officers will be given later, as it was impossible to secure them last evening. Refreshments were served after the lodge work was completed.

Miss Mary Shade, of Clearfield, is a guest in the home of Mr. and Mrs. Vincent DuPalma, North Filbert street.

Some few weeks ago a carload of finely finished leather was billed from the Pennsylvania Hide and Leather Company's plant here to the stores in New York. Somewhere along the route before the leather reached its destination, the car was dumped into a stream of water, damaging the leather to such an extent that it was returned to the home tannery for relining.

Saturday evening Bethesda lodge, I. O. O. F., No. 821, will install a new set of officers. Those to be inducted in office to serve for next six months are: Noble grand, C. W. Confer; vice grand, Harry Addleman; secretary, H. S. Brown; treasurer, John A. Dale; trustee, William A. Dale. It is confidently expected that District Deputy Clair Davis, of Clearfield, will be present to do the work.

The funeral of Mrs. Samuel C. Watts was held from the M. E. church yesterday afternoon. The body during the time that it laid in state in the Daugherty home, was viewed by several hundred people who called to express their sorrow and sympathy to the members of the family and to take a last look at their associate and friend. The body was taken to the church an hour before the time set for services and several hundred passed in and out after viewing the remains. Rev. J. C. Collins, the regular pastor, assisted by Rev. Max Lantz, of Altoona, a former pastor, conducted the religious service. Eighty members of Mrs. Watts' Sunday school class were present. The funeral train, as it left the church, by autos, for the burial ground, was an unusually large one, demonstrating the friendship and high esteem in which the deceased was held in this community and adjacent territory.

It is said that there are several Curwensville merchants who are lamenting the untimely disappearance of a Mr. Ward, who was a construction contractor on the Curwensville-Grampian State highway. We have often heard of soldiers jumping out of the army in time of war, and claim jumpers, and various other kinds of jumpers, but this is the first instance to our knowledge of a State highway jumper, and he did not use a vaulting pole "either."

The Indian signs of a massacre are over for the time being at least. The Illini tribe initiated their big class of prisoners on Wednesday evening and the peace pipe has been smoked and laid away. At the conclusion of the ceremonies a smoke was held and plans formulated for another raid into paleface territory after the corn husking season has passed and corn hunting time arrives.

Early Leaf Sugar.

The art of making leaf sugar was introduced by a Venetian in the fifteenth century, who received a large reward for his discovery. The leaf sugar of other days was not in the convenient form of cubes as we have it now, but was large like a round loaf of bread and was some trouble to cut.

BIGLER

Mr. and Mrs. Fred Walker of Woodland were visitors at the home of Wesley Shimmel recently.

Mr. and Mrs. Thomas Remnyder and two children and Mr. and Mrs. Earl Goodyear and daughter, of Clarence visited at the home of George Remnyder on Wednesday. They made the trip by motor.

Mrs. Malissa Simpson, of Pittsburgh and Mr. and Mrs. Peter Gearhart of Clearfield spent Sunday at the home of Mrs. Eva Williams.

Mrs. G. B. Thompson and daughter Betty were shopping in Clearfield on Thursday.

Mr. and Mrs. A. L. Forcey left yesterday for Denver, where they expect to make their home. Their daughter, Mrs. Charles Moore accompanied them there.

Mrs. Jonathan Ashworth, Mrs. Earl Frazier and son, Mrs. E. T. O'Neil and two children and Mrs. James Taylor and son, of Osceola Mills, and Mr. and Mrs. Clarence Peters and four children of West Decatur spent Wednesday at the home of Lloyd Stevens.

Mrs. Merlin Kyler spent Thursday with relatives in Curwensville.

There is quite a large fire in the woods between here and Grampian. Men have been fighting for the past thirty-six hours but it was necessary to call help from the brick yard, so they closed the works and sent all men this morning.

A Wife for Seven Pigs.

Wives in New Guinea have a miserable time. It is true they have a high value—sometimes as many as seven pigs are paid for a wife. But the wives are badly treated and often are killed for minor offenses. Yet, strange to say, in New Guinea it is usually the girl who proposes marriage.

MEN BLIND TO WOMAN'S SUFFERING

How many men, think you, have any idea of the pain endured by women in their own household, often without a murmur? They have no patience when the overworked wife and mother begins to get pale, have headaches, backaches, faint spells, or is melancholy and cannot sleep. There is help for every woman in this condition, as evidenced by the many voluntary letters of recommendation which we are continually publishing in this paper for Lydia E. Pinkham's Vegetable Compound. It will pay any woman who suffers from such ailments to give it a trial.

RACHEL WAGER WILEY

Rachel Wager was born October 27, 1841, at Houser's Mill, Spring Creek, Centre County. She was left motherless at the age of six years, her father, John Wager, then moved to Shaws Mill, Clearfield County and for five years she was amongst strangers, who treated her very unkindly. At eleven she came to live with Mr. and Mrs. Wm. T. Thorpe, on the homestead near Curry Run, where she remained until the age of 24 she was married to William Thompson Wiley, Feb. 22, 1866. She loved Mrs. Thorpe, who was really a mother to her and to whom she always gave credit for the forming of her character, by her kindly advice and guardianship. She was the mother of eleven children, losing all but four in their early childhood. The surviving ones were all with her in her last hours. They are Charles Thorpe, of Marron, Pa., S. Jeanette, wife of F. C. Everett, of near Curwensville, Pa., J. Frank, of near Bell's Landing, Pa., and Margaret R., wife of C. J. Van Baskirk, Lake City, Colo. She leaves also, one brother, E. C. Wager, of Lake City, Colo. Her husband preceded her in death Feb. 27th, 1891. She remained his widow, true to her love for him, for the 31 years she was left on earth after his death. In her early girlhood she gave her heart to her Savior and lived a Christian life, always ready to help others in all ways. Her life was a full and well spent one. She passed to the beyond to join her loved ones over there September 25, 1922 after a long illness and great suffering, thru which she was patient and only prayed her Savior to release her and take her home, her age being 80 years, 10 months and 28 days. Funeral services were conducted at home of Mr. and Mrs. F. C. Everett by Rev. Lewis, of Marron Baptist Church assisted by Rev. Cameron of Curwensville Baptist Church. The text was taken from Romans 8:18. "For I reckon the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us." The Hymns were her favorites and sung by a quartet of her friends. "Saved by Grace," "The Beautiful Land" and "Asleep in Jesus." Interment was made in Ferguson Cemetery. The floral offerings were many and beautiful. God was good to give us such a mother and leave her with us for so many years.

MUDANIA MEETING ENDS ABRUPTLY IN HOPELESS DEADLOCK

Constantinople, Oct. 6. Abruptly, though not unexpectedly, the Mudania conference came to a halt last evening. When it will be resumed is a matter of conjecture.

Brigadier General Harrington, commander and head of the Allied delegation, returned on the Iron Duke and the Italian delegation also came to Constantinople. It is understood that the allied generals will go into conference with the high commissioners on certain serious differences which have arisen at Mudania.

Various explanations for the separation of delegations are given in the rumors which developed here. The most generally credited relates to the evacuation of Constantinople. According to unofficial information Ishmid Pasha, the Nationalist representative, suddenly raised the question at the afternoon conference of the evacuation of Constantinople. General Harrington replied that it would come after the conclusion of the peace treaty as set forth in the joint allied note. Ishmid insisted on an earlier evacuation and it was found impossible to reach an agreement for the present at this point.

WELL BABY CLINIC AT WINBURN EVERY TUESDAY AFTERNOON

Miss Anna Miller, of the State Health Department was in Winburne last Friday and Saturday in the interest of the Division of Child Welfare, which she is representing. Her special object was to arouse more interest in the well-baby clinic. We wish to remind everyone that this clinic is held in the former Red Cross Room, every Tuesday afternoon from 2 to 4. Miss Hess, State nurse for this district, takes charge of weighing the babies and children of pre-school age and of advising about feeding or any other treatment. At three o'clock each Tuesday afternoon, a physician will be present, who will hold consultations and give advice, if desired. This clinic is free to everyone and mothers are urged to take advantage of it.

At the peak of her great art, in another striking characterization that will hit you squarely in the heart—

The velvet touch of a baby's fingers and the soft music of its voice, arousing all her slumbering mother-instinct, transforms a dowdy genius into a woman of matchless beauty and scintillating wit—

At the flood tide of glorious womanhood, the supreme emotional artiste of the screen presents another side of her remarkable personality.

They find it a great satisfaction to know that their children are growing as they ought to. Should they not gain weight, it is a sign that something needs attention, and it is most important that they get it. Keeping them well in early years is a means of insuring good health in later years.

HAVE YOU ARRANGED FOR YOUR TRUCK TO BE GONE OVER?

Several truck owners have already arranged for us to go over their trucks as soon as they have done their summer's work and then they will be ready for the work that will come in the spring.

We go over your truck thoroughly and see what's wrong and then suggest the needs that will be required to put your truck in first class shape to run every hour of the working day and then some.

28,000 Federal Court Convictions Under The Volstead Act In Year

Washington, D. C., Oct. 6.—Con-
trary to the prevailing impression
that the Federal Prohibition Bureau
has not been very active in getting
convictions before the Federal Court,
a survey for the past twelve months
shows that there have been 28,273
Federal court convictions of violation
of the Volstead Act in addition to
many thousands more in county and
state courts—almost one hundred a
day for each day courts are in ses-
sion. During this same period there
were 45,444 indictments returned.

Very few escaped being found guilty
and many of the cases in which in-
dictments were returned are yet to
come to trial.

PROMISE ARREST IN HALL-MILLS CASE

New Brunswick, N. J., Oct. 6.—An
arrest is imminent in the Hall-Mills
murder mystery, Prosecutor Strickler
declared today after the autopsy on
the body of the slain pastor. He fur-
ther states "a solution will be easy
when certain people tell the truth."

His Jacet.

An English writer claims to have
discovered the "ideal dagger." It runs:
"Here lies a man who would have
laughed to read how he was cap-
tured."

Hon. W. I. Swoope left today for
Port Allegheeny. He will spend to-
day and tomorrow in McKean coun-
ty in the interest of his candidacy
and the success of the entire Repub-
lican ticket this fall.

The venerable Alexander Living-
ston is confined to his home on Fourth
street by a slight indisposition.

WOMEN INTERESTED IN PUBLIC MEETING HERE THIS EVENING

Clearfield women generally are slow
to interest, likewise to anger, and
there may not be a great outward
show of interest in the meeting to be
held at the Arbitration Room of the
Court House this evening. There has
been considerable activity among
them in behalf of the Pinchot ticket
and County Chairman A. J.

Of Osceola has appointed Mrs. W. S.
Bouton, Borough Chairman for this
campaign. In addition to this appoint-
ment there have been chairmen named
for each precinct. Go to the meeting
—might and learn who your chairman
is, also hear the topics of the cam-
paign discussed. The meeting will be
called at eight o'clock sharp. Every
woman who voted for Pinchot at the
primaries should be there to back up
her intentions at this time. Likewise,
every woman interested in good gov-
ernment, whether a voter or not
should attend.

CALORIES

Emphasis used to be
focused solely upon the cal-
oric value of foods. Now,
it is known that vitame-
quality is equally essential
to adequate nourishment.

Scott's Emulsion

has particular value as an
energy-building food
and tonic. It is also
rich in vitame-
factors, so important
in building up the
body and promoting
healthful progress.

BOOZY BURGLAR DRAWS ONE YEAR SENTENCE

Pittburgh, Pa., Oct. 6.—James A.
Jan. 22, of Jamestown, N. Y., burglar
who was found snoozing beside sev-
eral thousand dollars worth of loot in
the Williams residence in the East
End, was sentenced to one year in
the Western Penitentiary. The bur-
glar found some choice 'private stock'
in his looting and sampled too fre-
quently.

Young Mothers!

This is of Vital Importance to You

Martin, Pa.—"After motherhood I
had feminine trouble so bad I could
hardly walk for some time. A friend
of mine advised me to try Dr.
Pierce's Favorite Prescription and
Lotion Tablets. After taking six
bottles of the Prescription and using
three packages of the Lotion Tablets,
I am now able to do all my own
work. These medicines surely did
wonders for me. I think every wom-
an bothered with woman's trouble
should try Dr. Pierce's Favorite
Prescription. What it has done for
me it would certainly do for others."

PLEASE BE PATIENT IF YOUR MILK IS LATE

The drouth is affecting
our milk deliveries in this
way. The farmers in many
of the sections are hard
put for water and in many
cases do not have water
to cool their milk at home
and have to wait until it
reaches our plant.

Our trucks are making
the usual rounds of the
farms but, owing to the
conditions, our reserve
stock of milk in the cooler
is so low that the drivers
have to make the second
and third trip to the depot
for a fresh stock for your
table.

We would rather do this
and have your milk a
trifle late than run the
chance of having some in-
different quality delivered
to you.
